WHEREAS, on or about 1960 or 1961, a steel pipe with
an outside diameter of 24 inches was welded near the mouth or
inlet portion of the pipe or siphon crossing Billingsly Creek;

WHEREAS, at all times since 1960 or 1961, to the

CASE NO. 16676

MEMORANDUM OPINION

The matter before the court is defendants' motion to amend the order of this Court dated January 22, 1979 incorporating a stipulation by all parties concerning their respective water rights in Weatherby Springs. The defendants' contend that their attorneys signed the stipulation under the mistaken impression that it called for 325 miner's inches of water to be delivered through the Billingsley Creek Siphon. In fact, the stipulation states that the water is to be delivered into the Bar S Ditch from the outlet of plaintiffs' fish hatchery operation. Though some comment was made at oral argument and in defendants' brief as to counsels' lack of authority to make the stipulation as worded, there is nothing in the affidavits filed with the Court to support that proposition. If there was a mistake in the formation of the stipulation it was unilateral, not mutual. Typically, a mutual mistake is required to make a contract voidable. Restatement, Contracts § 503. The stipulation explicitly deals with the problem of water loss in the Bar S Ditch. If the defendants place a suitable enclosed pipe line along the ditch by January 1, 1980 they are entitled to 325 miner's inches year round. If not, they are entitled to merely 200 inches from November 1 to March 1 of each year. The stipulation underscores the fact that the parties were well aware of the excessive water loss problem in the Bar S ditch at the time it was signed. It is well recognized in Idaho that only a reasonable loss in transport is allowed to the holder of a water right. Glenn Dale Ranches Inc. v. Shaub 94 Idaho 585, 494 P.2d 1029 (1972). The Court cannot believe that the dispute now before it centers around an amount of water which would constitute a reasonable loss. It must involve water substantially in excess of that amount. If so, the defendants are not entitled to the water under the Glenn Dale Ranches case. Accordingly, the Court sees no reason to exercise its discretion in favor of the defendants. The motion to alter or amend is denied. There appears no reason to order specific performance of the stipulation at this time.
