RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

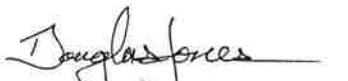

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor

HI DON,

Doug said you may want to have input on this situation... Dale Bell filed claim A47-04168A and I did the Exam last year... The claim has been reviewed and recommendation is complete. The claim has been renumbered to basin 36 as A36-15512.

How do we go about getting this claim into the Director's Report for basin 36??

I will be sending a letter to the Bell's to notify them of the renumbering changes... should I include anything else?

Ah-ha, join the B57 club. My approach is when the mass supplemental dir. report for the Late Claims is done, we will include these "stragglers" that have not been reported but should have been. (Mike and Dan are beginning a project to identify these "misnumbered" claims for the subsequent basins.) You could include in your letter notifying the claimant of the number change, a recommendation of the claim will be made in a future supplemental dir. report. As we prepare the report for B36, help me not forget this claim. Thanks
