In Re CSRBA) SPECIAL MASTER'S REPORT
Case No. 49576) FOR WATER RIGHT 95-11691
_____)
_____)

A notice of claim was filed for the above-captioned water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources (IDWR) examined the water system for this reporting area. The *Director's Report* contained a recommendation for the elements of this water right. No objections were filed to the *Director's Report* for this claim.

This water right was claimed with a period of use of January 31 to December 31. The *Director's Report* recommended the water right as claimed. On September 8, 2020, this Special Master contacted the claimant, David Seurnyck, via telephone to inquire whether there may have been a clerical error in the claimed period of use. At that time, the claimant indicated that he intended to contact IDWR for the purpose of filing an amended notice of claim. Subsequently, IDWR has made several attempts to follow-up with the claimant regarding the filing of an amended notice of claim (letter sent 2/1/2021; second letter sent 5/5/2021; voice mail left 6/2/2021; and email sent 7/15/2021). Additionally, a telephonic hearing on the matter was held on July 27, 2021, at which the claimant did not appear.

With no amended claim having been filed, it is now the recommendation of this Special Master that water right 95-11691 be **decreed** with the elements as set forth in the attached *Recommendation for Partial Decree Pursuant to I.R.C.P. 54(b)*.
