MICROFILMED
DEC 10 1996

TO: File 36-14736

DATE: October 3, 1995

FROM: Jim Stanton

SUBJECT: Claimant Contact

Con Paulos, the claimant, was recently in my office to discuss changing the use of a portion of this domestic/stockwater claim to provide water for a sandwich shop that he plans to construct and operate on his property. He indicated that the proposed business would not use more than 18 gpm or more than 2500 gpd. I told him that no water right would be needed for a development of this size, as the use is covered under Sec. 42-111(b) Idaho Code. Since he does not water a lawn with his domestic well (canal water is used on the lawn), it is highly unlikely that the total existing and planned usage will exceed 13,000 gpd. The entire water system is therefore exempt from permitting requirements. The existing well will continue to be used. It appeared also that the existing pump will be used.
