RE: SRBA Claim(s) 36-15220

Dear Mr. Ciocca:

Pursuant to the change in ownership request that has been submitted to the Department, we have changed the record of current ownership to your father. Please find the enclosed copies of the computer record of the claim(s) noting the change in claimant. Review these records and if there is an error, or you have any questions, please contact this office.

Also enclosed is your copy of the Notice of Completed Administrative Proceeding the department filed with the SRBA Court. This conforms with Administrative Order 11 which requires IDWR to report to the court all changes to claims in basins where a Director's Report has been filed.

Sincerely,

INSTRUCTIONS FOR USE

This form is to be used to provide notice of a change in address of a party or to substitute a party whose water right was recommended in a director's report. *The filing of Standard Form 3 cannot result in a contested matter and a hearing will not be scheduled.* If completed as directed, the form will be accepted by the court and no further orders will issue. Standard Form 3 shall not operate to excuse compliance with the statutory requirements of I.C. § 42-1409(7) (1986) where a water right recommendation is not before the court.

This form has been adopted by the court in Re SRBA, Twin Falls County Case 39576, *SRBA Administrative Order 1 Rules of Procedure* (amended 6/21/93), Section 4Ac(3), which may be consulted for further information.

A party may copy or reproduce the standard form. The text of the form must be on the front and back of each page, exactly as it appears here. Follow the instructions on the form or it will not be accepted for filing. The Verification and the Certificate of Mailing must be completed.

Standard forms may be obtained from the Idaho Department of Water Resources or the SRBA Court.

CHANGE IN ADDRESS

You must use this form to advise the court and parties of any change in your address during the pendency of the SRBA.

You must provide a copy of the completed form to each party or if the party is represented by an attorney you must serve the attorney in every subcase in which you are a party.

CONSENT TO SUBSTITUTION OF PARTY

This form may only be used if a water right number is included as a "recommendation" in a director's report. *This form cannot be used for water rights that are not in a director's report or when portions of a water right are involved (i.e. where a water right is split).* You must use this form to substitute a new party into the SRBA.

You are to provide a copy of the completed form to every party in each subcase in which the new party is to be substituted. If the party is represented by an attorney you must serve the attorney. Because this is a "consent" form, it is a stipulation that there is no disagreement between the prior claimant/seller and the new claimant/purchaser that the prior claimant/seller has transferred all interests in the water right. No hearing will be held and no further order will issue.

"Prior claimant/seller" means any person who, pursuant to I.C. §§ 42-1409(2), (3) and (6) (1986), filed a notice of claim asserting the right to the use of water or on whose behalf the

RE: Payment of Fees A36-15220

Dear Mr. & Mrs. Deelstra:

Our office recently received your check #1032 in the amount of \$75.00. I have searched our records and it does not appear that you presently owe any outstanding fees so I am returning your check. Please find the check enclosed.

Please note that we received an adjudication claim (A36-15220) which was filed by you in early Aug. 1991 for recording of your domestic and stockwater use and the fee for that filing was \$75.00; however, that fee was paid by a check from the Land Title & Escrow. I contacted Land Title & Escrow and they indicated that you had paid them for this in the recent closing of the land you purchased.

If I am still not clear on what your check is for please contact our office.

Sincerely

A handwritten signature in dark ink, appearing to read 'Allen Merritt', is written over a faint, circular official stamp.

RE: 36-08490

At 0845 hrs. on 27 October 1997, Dan Nelson and I met with Paul Ciocca. Dan Nelson did the meter calibration per the West East Snake Plane Aquifer and I performed a field examination regarding the above permit number.

The permit is for a dairy that has three wells interconnected.

The **first well** is located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 10, T08S, R16E. The **second well** is located in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 10, T08S, R16E. These two wells are behind the milking barn and are approximately 30 feet apart.

The **third well** is located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 10, T08S, R16E. Initially the well served as a domestic use for two homes. Now that all three wells are tied together for the commercial and stockwater use, Paul Ciocca said the two homes would be demolished in 1998.

The place of use is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 10, T08S, R16E. The uses are for commercial and stockwater for approximately 1400 dairy cows. Northside Dairy has a dairy operation under 36-15220 plus there are replacement heifers at the location south of the canal. See the hand drawn schematic of the entire operation.

The recommended diversion volume is calculated by using the number of cattle from the application for permit (1000). The recommended measured rate is from the results from the field examination. All documents are included in this file.
