Are they GPS'ed by Brockway? should they be?

adjusted POU to match claimed acres
within the GIS shape. $Ac = 325$

Combined Ac limit w/ 2 rights = 325 Ac.
(may amend claim for extra 14.2 Acres.)

2-3-04 Joe SORENSON 37-267A - 317B

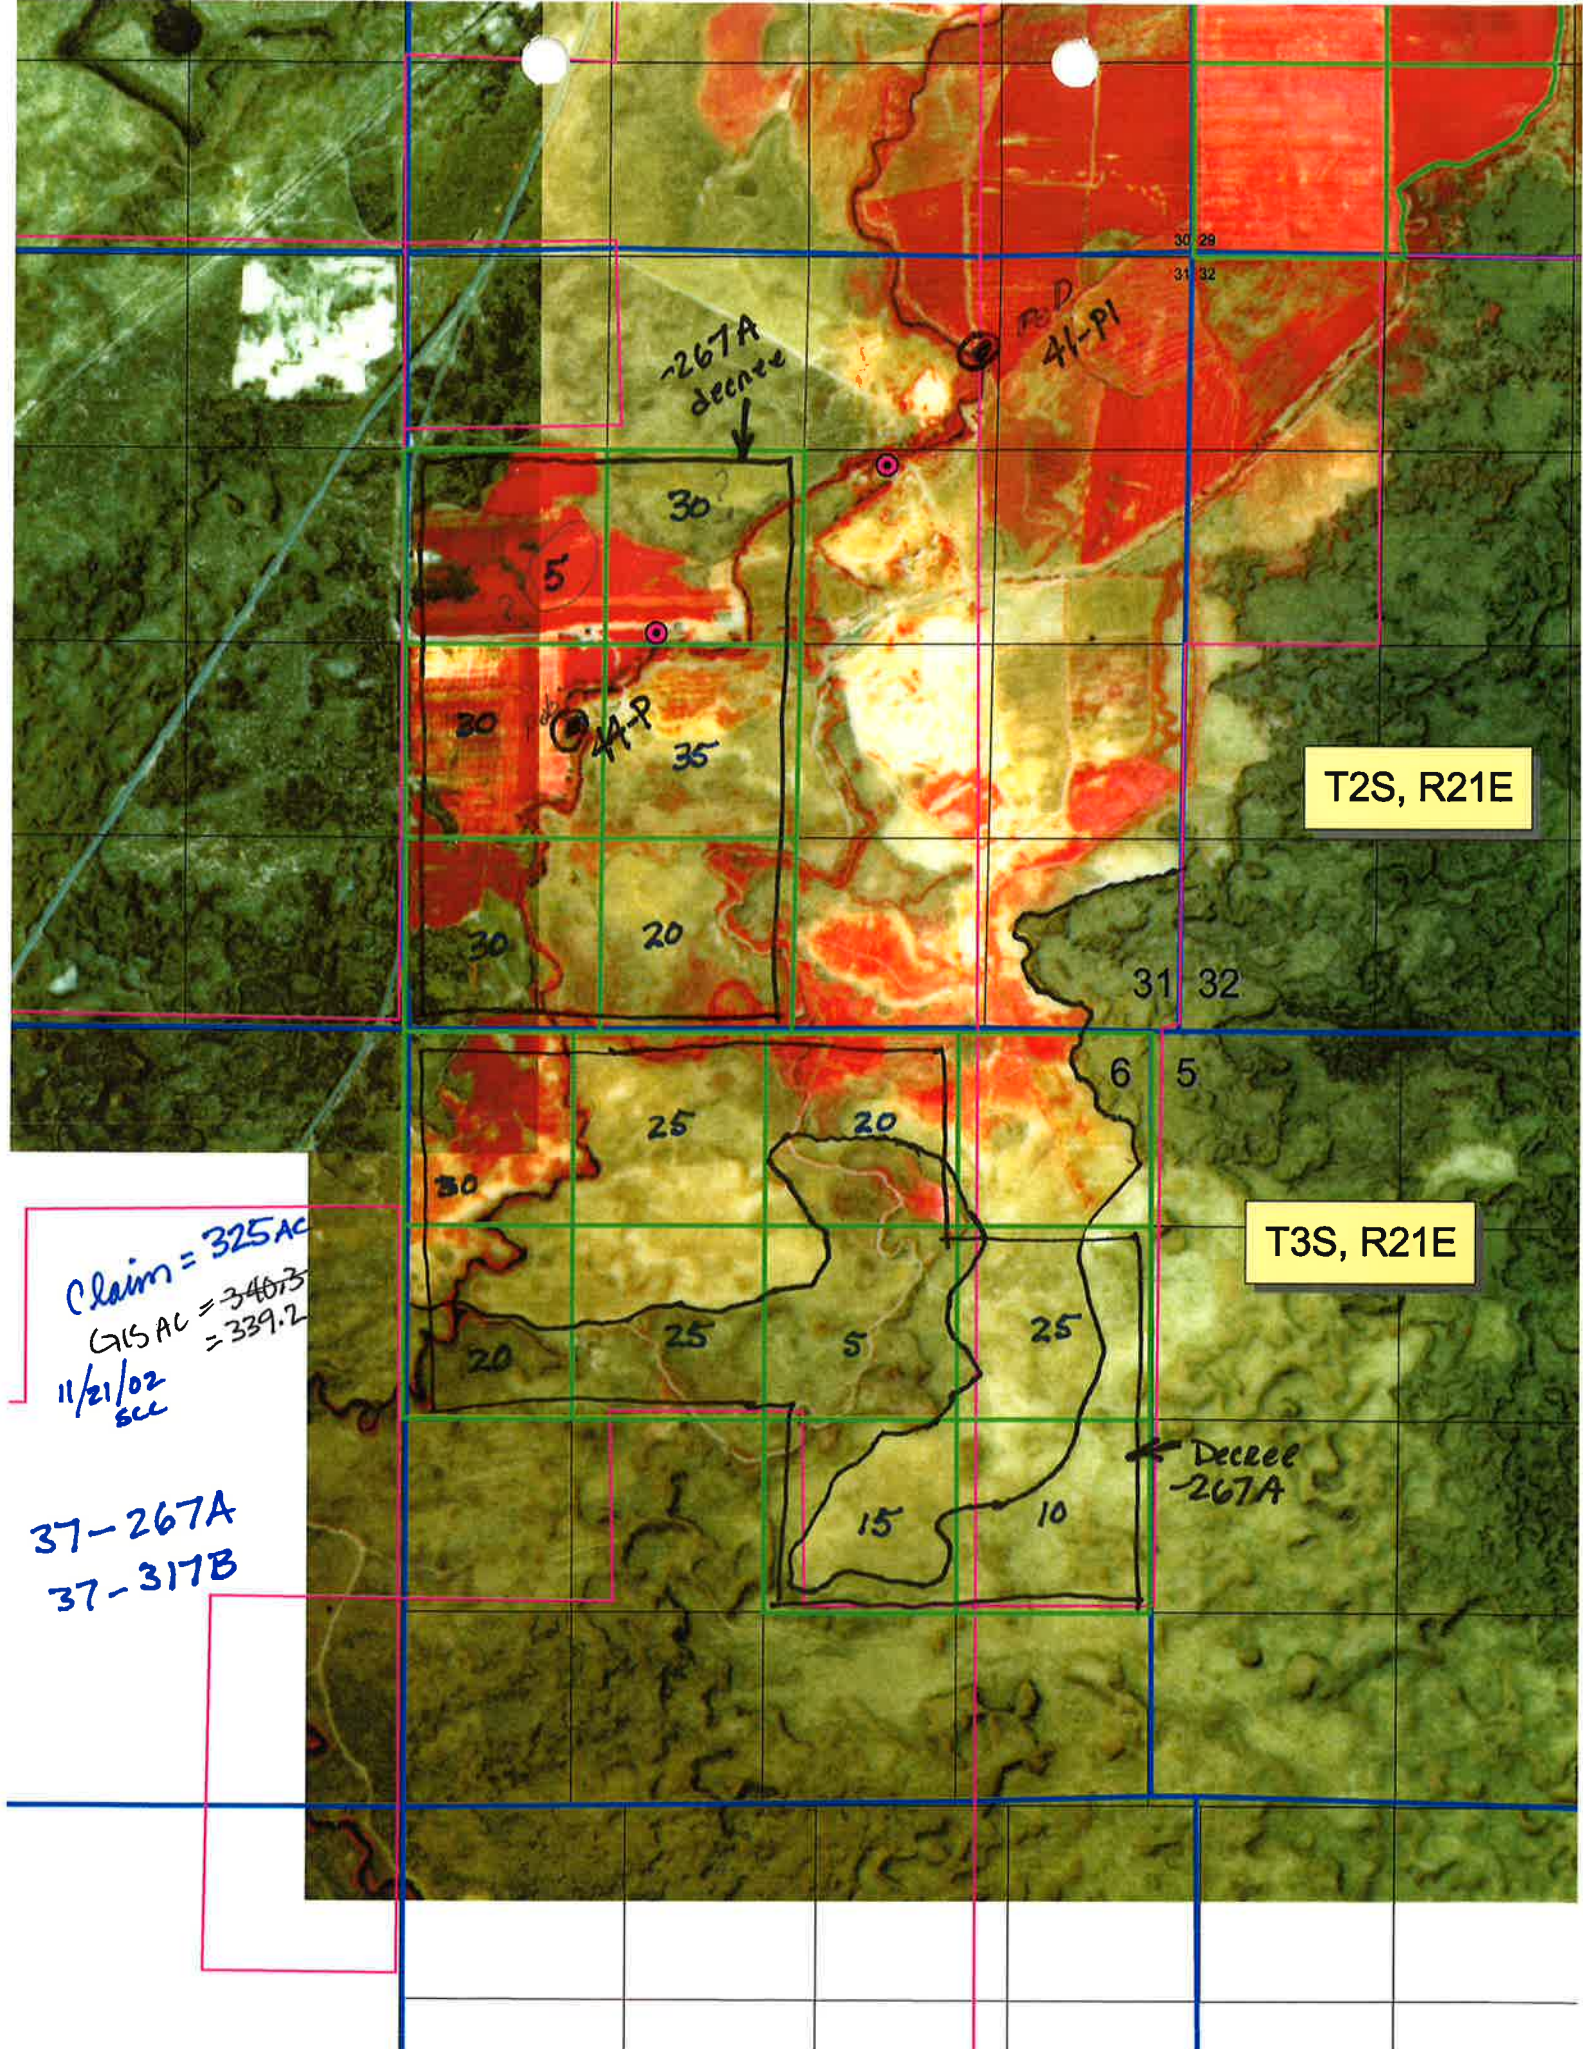

1- While also reviewing these files and the descriptions of place of use Joe & his son thought these were close but the averages on some were questionable and if the Trans. which they are going to file with IDWR in Twin Falls it should resolve these questions see (318 File notes)

2- POD for 267A & 317B as per W/M records are 44-P & 44P1 Ragsdale and both are on GPS Disc also see W/M record in 318A file.

They advised me that this spring ASAP they would have a new Aerial Photo of the lands in their farm they think more is farmed than is shown,* due to new Circle & sprinkler systems instead of flood they can do a better job using the water on all described lands.

Also see new address on 318A file.

4/15/04
SCC * Sounds like they may have expanded their decree beyond what was originally developed.
