Dear Mr. Kyes:

Please find enclosed a draft amended claim form for Snake River Basin Adjudication claim 37-429A. As we have previously discussed, the current claim filing for your property is for 0.41 cfs of Big Wood River water diverted through the Glendale Canal. However, Water District 37 water master records indicate that you have been delivered 0.53 cfs of water through the Glendale Canal. In the Snake River Basin Adjudication process, IDWR can not recommend amounts greater than those claimed, so currently I would be forced to recommend your water right for 0.41 cfs, rather than the 0.53 cfs that has been delivered to your property. However, you can amend your claim from 0.41 cfs to 0.53 cfs, which would then allow me to recommend 0.53 cfs (rather than 0.41 cfs) to the Snake River Basin Adjudication court. In order to amend your claim you need to due the following....

- Sign the enclosed amended claim form. *Note that your signature needs to be notarized by a notary public.*
- Return the enclosed form, complete with notarized signature, to me at our office.

Due to the pending submittal of water right recommendations for your area to the Snake River Basin Adjudication court, it is critical that if your claim is to be amended and reported to the court for the larger amount that the signed amended claim be returned to our office as soon as possible. If you have any questions, or if I can be of any further assistance, feel free to contact me at your convenience.

Sincerely,

Corey Skinner, PE
Water Resource Engineer

RE: Snake River Basin Adjudication (SRBA)
NW¼NW¼ Section 26, Township 01N, Range 18E, Subv. Lot 8B

Dear Mr. and Mrs. Wynn;

This morning I had a chance to investigate possible water right claims appurtenant to your property in Poverty Flats Subdivision. I can find no claims that are associated with lot 8B. I searched in the NW quarter of section 26, which is your correct legal description, and also in sections 27 and 23, but find no claims that appear to match your lot, or any in the name of previous owners Fisher or Lete (other than Judy for lot 8A).

It may be that no water right claims were ever filed for your property. I didn't think to ask Angel if you were indeed using surface water to irrigate your acreage, but assume that you are. If you wish to file a claim in the SRBA and preserve your right to use the water, there is a portion of an underlying water right that was decreed to your property when the land was part of an 80-acre farm. This water right was appurtenant to the SESE of Section 22 and the NWNW of section 26 and used a point of diversion on the Glendale Ditch. The water right number is 37-00429, and owners of property in the SESE of Section 22 have already claimed their portions in the adjudication as A37-00429A and A37-00429B.

Any claim for a water right in the Snake River Basin Adjudication is just that - a claim. It will not be a valid water right until all elements of it have been investigated when the adjudication process gets to the Wood River drainage. From my research this morning, it appears that the water decreed to your portion of the old farm was never officially transferred off and so would still be available for you to claim. Be aware, however, that water rights in the Wood River Valley have become very complicated affairs, and a more thorough investigation may turn up information that I did not see which may effect the validity of your claim to a portion of this root water right.

Fees associated with filing a claim for irrigation are \$50.00 plus \$1.00 for each irrigated acre. You may want to contact your title company or previous owners to make sure that I didn't miss a previously filed claim, however the numbers on the print-out that you gave me, 37-00307 and 37-00047, did not appear to correspond with the property you purchased. I am enclosing a form

you will need to complete should you decide a new claim is needed. Please feel free to contact me or send any correspondence to my attention. If you do talk to another agent, please have this letter handy as it will help explain your situation.

Sincerely,

Vikie Hancock
