TO: File

SUBJECT: Blaine Tingey Transfer

FROM: Jim Stanton

DATE: 9-17-93

I prepared this transfer for Mr. Tingey based on my field visit to the property. Acreage irrigated was determined with a dot grid & aerial photo. Because of the permissable place of use claimed in SRBA, I felt that the transfer should be based on the claims rather than the decreed rights. Basing it on the decrees would make the transfer appear to represent an expansion. Due to installation of a pivot, some land that was irrigated has been dried up. Since the Little Wood River is totally diverted into the East & West Canals, I felt it was important to list all the red-diversion points (which are actually treated like diversion points by the watermaster).
