Rory,

Your claim number or "Subcase" number is **86-12133**. You will want to put this on your claim and on the motion.

I have attached the advertising example. You don't have to do it this way, but this is the format we use when we advertise things. The [court order](#) that requires advertisement doesn't really explain what needs to go in the ad.

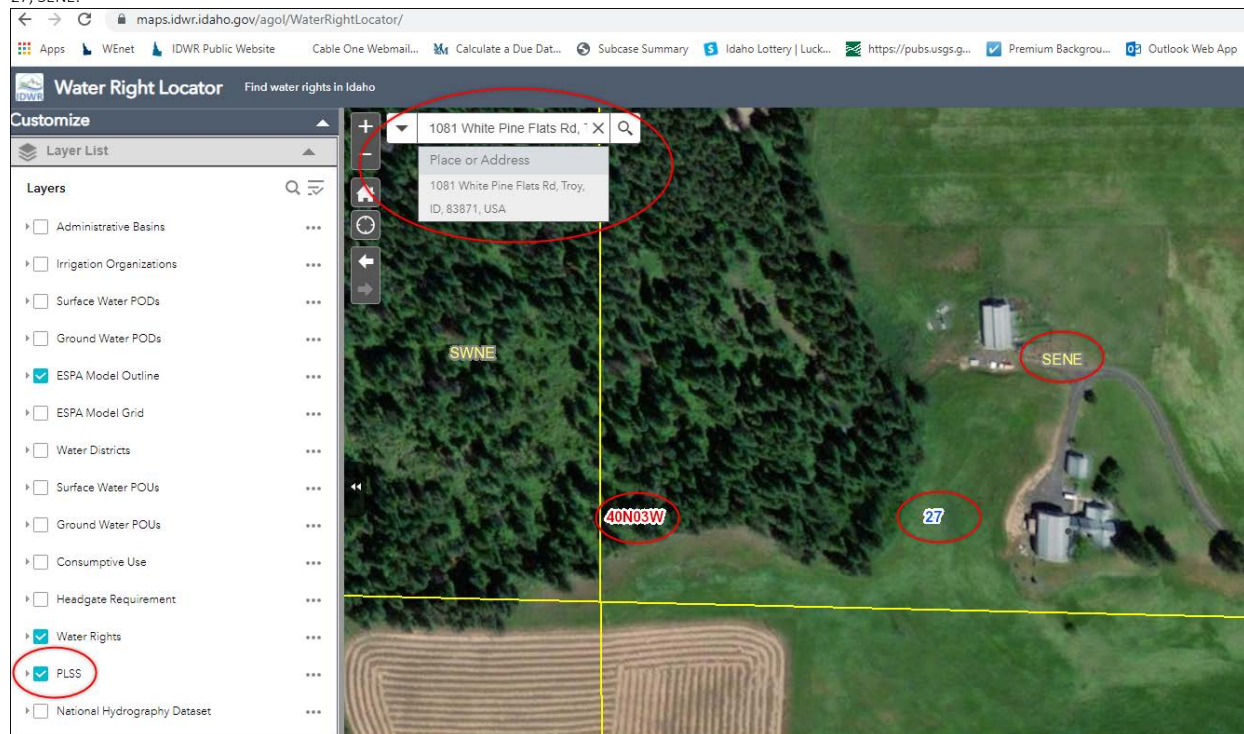

a form provided by the Director and shall serve the State of Idaho, the Director, and the United States. The claimant shall also cause to be published a notice of the pendency and purpose of the motion once a week for not less than three (3) weeks in a newspaper of general circulation in the county in which the point of diversion is located or as otherwise required by this court. Service upon the United States shall be accomplished by sending a copy of the motion and claim form by certified mail to the United States Attorney for the District of Idaho and United States Attorney General in Washington, D.C.

If you haven't read this about the process, this is actually pretty helpful:

I said you could submit the Claim and Motion first and then do the advertising and submit the Affidavit of publication second. If you just want to do one mailing, you can advertise now and then submit the motion, the claim, and the Affidavit of publication all at the same time. It is up to you.

You will need a claim map. You can use our Water Rights Locator map if you would like. You can enter in your address, and it will zoom you to your property. Make sure to turn on the PLSS layer so you can see the Township, Range, Section and Quarter-Quarter. It appears your property is located at Township 40N, Range 03W, Sec 27, SENE:
