RE: Snake River Basin Adjudication (SRBA)
Claim No.: 37-657A

Dear Mr. Pullen,

In response to your phone message I am sending you a portion of the power point presentation given at the public meeting in Hailey, and also a computer print-out of the only SRBA claim that I found in your name in the Wood River Valley. Your claim is located in Basin 37 part 3.

The meeting was very general, notifying water users that the SRBA was scheduled to begin in your area sometime in late 2004 and outlining the process. Investigations of the water right claims will be conducted by several different agents who will look at each individual claim within their assigned area.

- If questions arise about your particular claim, you will be contacted by the agent for additional information.
- The agent will prepare a preliminary recommendation of your water right based upon the information available. This will be sent to you for review, and enable you ask questions or request corrections.
- The agent will then send a final recommendation of your water right to the SRBA Court based upon any additional information or clarification you have provided.
- Each water user will have opportunity to object to their water right recommendation, or any water right recommendation [neighbor, etc].

I hope that this answers your questions. It is important that we have your current address so that we can contact you again with information as the SRBA progresses.

Sincerely,

Vikie Hancock

Our File No.: 980054

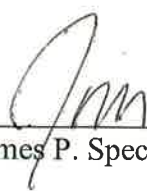

Dear Allen:

Enclosed you will find the original and a copy of an Amended Notice of Claim for the above-referenced SRBA claim. The Amendment corrects the source - it was incorrectly claimed as ground water and the water right has always been and continues to be delivered from the Big Wood River through the Hiawatha Canal.

Kindly receipt date stamp the enclosed copy of the Amended Notice of Claim and return it to me in the stamped and addressed envelope included for that purpose. Call me right away if you have any questions about this filing. Thank you.

RE: Pullen claim A37-00657A

Dear Jim,

We have received, and data entered, the submitted amended claim referenced above. The amendment changes the description of diverting works and the place of use. The amendment does NOT change the originally claimed source, it remains as Big Wood River.

Please note that the amended place of use description indicates that the land is outside the recorded place of use for 37-00657. As currently described the property has an appurtenance of water right number 37-00910 (printout enclosed). I do not have knowledge of how the watermaster administers 37-00910.

Please review the amended record and let me know if you have any questions.

Sincerely,

SUBJECT: PROFILE REPORT

phone call (X) walk-in (.)

Said he sold this property several years ago and wanted a recent proof to make sure everything was okay. Also asked about it's priority date of 5/1/1881 and how good it was considered for the area. Jim said that's probably about the best there is up there. Passed that along and FAXed a profile report to 726-4945.
