RE: Snake River Basin Adjudication
Blaine County

Dear Mr. Bingham:

We are returning your Notices of Claim to a Water Right filed for your property in Blaine County and your check #1331 in the amount of \$337.00. We have noted some problems with your claims which we would like you to correct or modify.

First, all claims must have a notarized signature.

Your claim for domestic and stockwater uses must have several items corrected:

a. Only one priority date may be asserted on a claim. You list 3 different dates. The priority date is the date when the water was actually put to use, in this case, probably when the house was built. If these claims duplicate the uses and sources claimed with the irrigation rights, you could probably discard the domestic/stockwater claim.

b. You list the source as Little Wood River, however in Item #5, you list a well. If the domestic and/or stockwater use is actually from a well rather than the river, you should list groundwater as the source. If water from the well is put into the same system as river water and used for domestic/stockwater use, both the river and groundwater should be listed as sources.

c. You need to complete Items 6 & 7. Generally, domestic and stockwater are year-round uses (1/1 - 12/31). Please complete the date blocks.

MICROFILMED
FEB 23 1993

Mr. Hal S. Bingham
Page 2
March 22, 1989

You also need to list an amount of water in Item 6. The suggested amount of water used for a single domestic use is .04 cfs (18 gallons per minute). Suggested amount of water for 600 head of cattle (the amount of livestock you listed on other claims) is .14 cfs. Please complete Item 7 with a total amount of water claimed for these two uses.

On January 17, 1989, Judge Hurlbutt signed an order allowing the deferral of filing domestic and stockwater claims. We have enclosed an informational sheet which explains how this decision affects your water right. If, after reading the enclosed information, you decide to defer filing this domestic and stockwater claim, you need take no further action. Please keep all of these documents in your records. However, if you do wish to continue with this filing, you will need to make the changes noted above.

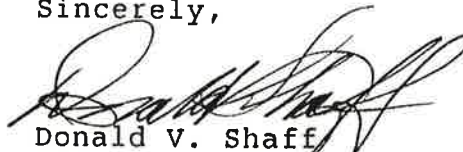

Your claim based on decreed right 37-00649 needs an amount of water listed in Item #6 for domestic use. The suggested amount of water for single domestic is .04 cfs.

Your claim based on decreed right 37-00650 needs additional fees paid for the mining use. You claim 80" of water, which equals 1.60 cfs. An additional fee of \$160 needs to be received before we can process this claim.

The third claim, based on decreed right 37-00651, needs only to have the signature notarized, as do all the claims.

Please return the documents to this office, Adjudication Bureau, Idaho Department of Water Resources, Statehouse Mail, Boise, Idaho 83720, at the attention of Helen Harrington. If you will make these corrections before April 20, 1989, you will not be assessed a late filing fee. Please do not hesitate to contact this office if you have any questions or concerns.

Sincerely,

Donald V. Shaff
Adjudication Section Manager
