RE: 37-21371 Notice of Error Reply

Dear Mr. Purdy,

I am in receipt of your Notice of Error regarding the preliminary recommendation on 37-21371. I'll try to explain why the recommendation was changed and the diversion rate was reduced from your claimed rate.

Charlie Browning originally filed claim 37-664A in 1988 for 2.0 cfs. In 1990 an ownership change was received which indicated that 3 inches or 0.06 cfs of this right was to go to Sharon Dudley/Ellen Douthit. The claim was subsequently split into parts 37-664C - 1.94 cfs and 37-664D - 0.06 cfs.

Further ownership changes were later received on part C that indicated it should be split into 37-664E, B. S. Ranch for 0.13 cfs, 37-664F HG2 Limited Partnership for 1.77 cfs, and 37-664G Browning for 0.06 cfs. (Your portion came from part 37-664E which was split between you [37-21371] and Carl Browning [37-21372] for 0.65 cfs each.) During my review I realized that the splits for E, F, and G added up to 1.96 cfs, which was incorrect as only 1.94 cfs was available. I therefore reduced your recommendation and that of Carl Browning's to 0.055 cfs or 2.75 inches each, instead of the claimed 0.065 cfs or 3.25 inches each.

If you feel this was incorrect, perhaps you should talk to Struthers and Browning who filed the ownership changes for the splits. You should also file an Objection to your right as well as the other parts when the Director's Report is filed later this month. We can then get with the different parties and take a further look in order to determine where the reduction should come from.

Please feel free to give me a call at the office if you have further questions.

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
