RE: Rejection of Notice of Claim to a Water Right

Dear Mr. & Mrs. Dimon:

The Idaho Department of Water Resources (IDWR) has received your Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Notice of Claim to a Water Right. We are unable to process your adjudication claim for the following reason(s).

2 on the claim form.... The priority date you entered was the date you signed the claim form, when it should be the date water was first used from the source you are claiming. In your case, it would be the date the well was drilled or when your home was built. Our records show the year your home was built was 1994.

6 & 7 on the claim form.... The usage is incorrect. I have enclosed the pertinent part of the instructions on how to fill out questions #6 and #7.

The only way to fix these is through an Amended Claim, which I have enclosed. Please verify the information on it is correct and fill out the areas highlighted in yellow. I have also included a map of your property. Could you please mark where the well is located with an "X"?

I have set your claim status to Temporary until I receive the completed Amended Claim back, signed and dated. At that time, it will then be changed to Active and put through for recommendation.

I apologize for the inconvenience, and if you have any questions, please do not hesitate to contact me. I can be reached by phone during business hours at 208-762-2800.

Sincerely,

Dawn R. Lenon
