10. **I object because:**

☐ This water right should not exist.

☐ This water right was not recommended, but should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTION(S):

The claimant does not have a valid water right with the elements claimed. 1896 priority: The evidence submitted by the claimants does not support the 1896 date of priority recommended by IDWR. General grazing activities that occurred on federal land prior to patents being issued for what is now the claimants' base property were not conveyed to the claimant's predecessors. Homesteaders who received patents from the U.S. for claimants' base property would have established their own separate priority dates for water uses. Most junior priority: The earliest patent for base property was issued was in 1908 to David G. Edwards, however

it was Charles R. Edwards who submitted a grazing application with DOI and he didn't receive a Patent until 1911 (Patent 222034, 08-24-1911). Claimant Base property originally patented to Nielson, Braden, and Anna Edwards wouldn't have been grazed by Charles R. Edwards until after he acquired those parcels. There is no evidence that these patentees grazed federal land. When multiple water uses are claimed under one water claim, the priority assigned is the most junior of the uses (i.e., Patent 759345 issued 06-25-1920). Forfeited due to non-use (1993-2014): The claimants' immediate predecessor, Dotson, leased his base property to Charles Edwards. The lease agreements cover the period from 1993 to 2019. The claimant's purchase the base property from Dotson in late 2012 and filed for a grazing permit in 2013. The claimant's did not graze cattle under their grazing permit in 2013 or 2014.

Dear Mr. Edwards:

Your current grazing permit, authorizing you to graze Horse Flat Allotment #95 and Dotson Allotment #96, expires February 28, 2003. Your based property lease from Melvin Dotson also expires February 28, 2003.

The enclosed application for Grazing Permit Renewal describes your current permit. If you would like for your grazing permit to be renewed, the enclosed application must be signed (on the second page) and returned by the date shown on the application. We will also need a copy of your renewed base lease property lease agreement. We cannot process a permit renewal without a renewed base property lease. A self-addressed envelope has been included to help this new process move along faster. Once the signed application and renewed base property lease are received, we can begin the process of renewing your grazing permit.

Current Grazing Regulations require a properly authorized grazing permit plus an annual application followed by a paid grazing fee before allowing livestock to graze on public lands. Not until all documents (signed Grazing Permit Renewal Application and, if applicable, a properly executed base property lease agreement or renewal) are on file - can we begin processing your permit renewal. It is important that you maintain the timeliness in returning your application and, if needed your base property lease, if you intend on grazing your allotment this coming grazing season.

If you have any questions in regards to Grazing Permit Renewal Applications or this new process of permit renewal, please contact Mary Clark, your Rangeland Management Specialist, at 208-384-3375.

Sincerely,

15/

RE: Grazing Bill #R847270
Horse Flat Allotment/Goodrich Management Area
Keith & Karen Hood 1104408

Dear Mr. Fischer,

This letter is to notify you and your office that we will not be grazing cattle in the Horse Flat Allotment during the time periods listed under the terms and conditions of our permit for this year of 2014. I have enclosed a copy of our 2014 grazing bill for further reference.

I am also enclosing the Form 4130-5, signed and dated, since we will not be turning cattle out into the allotment this year. We purchased our property late 2013 and the grazing permit/use is still new to us and I don't know what the proper protocol would be for returning the form. We plan on purchasing cattle this year and will therefore miss the allowed dates of using the allotment.

We look forward to meeting you. Please feel free to contact either of us at 208-550-3884 if I have made any errors or for any additional information. Thank you for your assistance,

Sincerely,

Karen Hood
