Attachment 1

Nov. 19, 2021

I am Todd Scalia and our family lives at the farm we own at 222 Ove Lane in Sagle, ID. I am updating the water rights for our family farm here as a continuation of Byron and Ella Chronic's application in 1983 which was Claim No. 96-4520 and referenced use of the water from Lake Algoma for irrigation purposes. According to my grandmother, Jimmie Sue Rossi, who is now deceased, the property here was built in 1954 when relatives used water from the spring on our property that feeds Lake Algoma to water family cattle and also irrigate approx 16 acres since the 1950's and until this day. These fields occupy mostly the south portion of the property and the water is used to irrigate fields of Timothy and orchard grass mainly which have fed the family cattle herds over the years. The equipment has been replaced over the decades but has been in continuous use since the 1950's and is still servicing the cattle here today.
