INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), of Idaho Code. Section 42-248 requires certain property holders to notify the Department of water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right. During an adjudication of water rights, and, if a required claim for the water right has not been filed, to file the needed Claim.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures, or if you have questions about completing this form, please contact your nearest IDWR office or call 1-800-451-4129.

If you need additional space to describe or explain any of the items on the form, please attach additional sheets to the form as you may require.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at **Item 1**. If you or the seller believe there are Water rights for the property but the numbers are unknown, you may wish to call IDWR or come into an office of IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at **Item 3**.
4. The name, mailing address, and telephone number of the new owner(s) is entered at **Item 4**. Please indicate the relationship between multiple owners by using the connector "and", "or" or "and/or". If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign, however only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. If the property you have purchased is only a portion of the property owned by the former owner/seller, you may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at **Item 6**.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than ½ acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at **Item 7**. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

Re: Quigley Canyon Ranch, L.L.P.

Dear Allen:

Enclosed you will find a Proof of Beneficial Use for Permit No. 37-08283, Notice of Change of Water Right Ownership for the water rights and SRBA claims currently in the name of Quigley Ranch Partnership, and a copy of the filed Application for Registration of Limited Liability Partnership for Quigley Canyon Ranch, L.L.P. Quigley Ranch Partnership was an Idaho general partnership that simply registered as a limited liability partnership under the new name of Quigley Canyon Ranch, L.L.P. The ownership of the Partnership remains the same. However, the name and address change for the partnership required the filing of the Notice of Change of Water Right Ownership. I am also enclosing our firm's check for \$100 in payment of the Proof Beneficial Use fee for Permit No. 37-08283.

The Proof of Beneficial Use for Permit No. 37-08283 covers only a portion of the uses authorized by the Permit. The other uses are therefore waived.

Instead, it either ends in sinks or runs into the Hiawatha Canal, which, in turn, does not run back into the Big Wood River.

Re: CORRECTION - Adjudication Claim(s): A37-02784A - QUIGLEY RANCH
PARTNERSHIP

Dear Mr. Speck:

Anna Baumhauf from the State office asked that I check the records on the above-referenced Adjudication Claim for an incorrect listing on the Place of Use. I found the original claim had the 33 acres listed in T02N R18E S11, WHEREAS, when the number had been changed the place of use for the 33 acres was listed T02N R18E S10. I have changed this in our computer system and do THANK YOU for finding the error.

Do check the print out and if you have any corrections or any questions, please feel free to contact me at this office.

Sincerely,

Judy Givens
Adjudication Secretary

RE: 37-08283

(A) 37-02741, -02784A, -07693, -19736 irrigation/stock claims

On September 30, I met with Fred Judd and John Burke, partners in the Quigley Canyon Ranch L.L.P., to conduct a field examination for the above permit. The water source associated with the permit is Quigley Creek. There are two ponds, on-stream, that are approximately 1.5 mile apart on a east-west line.

Both ponds have been inspected (1992, 1996-97) by dam safety personnel. The data in the file includes surface area and storage capacity from the inspections.

During a Beneficial Use Reconnaissance Program (BURP), the flow of Quigley Creek was measured by DEQ personnel.

June 1995: SWSWSW $\frac{1}{4}$ Sec 31, T03N, R19E recorded rate=5.10 cfs

July 1998: SESESE $\frac{1}{4}$ Sec 36, T03N, R18E recorded rate=5.07 cfs

While conducting the field examination, I wrestled with the portable flume to get the flow rate. Although the portable flume won the match, the closest reading I could obtain was comparable to the rates measured by DEQ.

When filing Proof of Beneficial Use, the applicant's lawyer paid \$100, which equates to 0.21-1.00 cfs and/or 21-100 afa. The total pond capacity is 35 acre feet. It appears the fee was directed at the acre feet? Therefore, I can recommend the limited rate of 1.00 cfs.

Stockwater-cows can be seen in photo background of the upper pond, Mr. Burke says their land abuts with BLM land and the stock drink water from creek as far east as the NENE $\frac{1}{4}$ of Section 1, T02N, R18E.

Fish Propagation and Fish Propagation Storage-Mr. Judd says they plant fish. Then they "rent" the upper pond out to one of the sport fishing businesses, who then charge anglers per pole.

Recreation-in connection with the above use

Aesthetic-in connection with the above use

Fire Protection-The fire protection storage (upper reservoir) was permitted for the proposed residential community, that was not developed, therefore it will not be recommended.

RE: YOUR RESEARCH REQUEST

As we discussed on the phone, I enclose copies of the proof sheets for the water usages in the name of Quigley Ranch Partnership and the CVRs done during the reviews in the Test Area (2N, 18E) that I described to you.

I found the most recent Extension of Time form that you mentioned and note that it takes the permit up to February 1, 1997. I enclose a copy for your client file as you said that Stoney was to have taken care of it and he did. It was misfiled in the drawer here. I have attached a profile report of the permit for your review also.

My notes are enclosed for your use in reviewing the combining and renumbering of the claims.

Please let me know if you need further information or exhibits.

WATER RIGHTS & OWNERS

POOR ORIGINAL

I called to resolve all the rights & owner's claiming water rights here. She was married to John Fox (owner) as listed on 37-2784 license and they owned the Quigley Ranch at one time and sold it to Stoner Burke. She wasn't sure of the Date of Sale.

→ She I did say they had sold all the Quigley Creek water to Stoner Burke when he bought and they retained the Hiawatha rights for the lower piece. (as claimed by A37-11382)

In a letter from Stoner Burke, dated Sept 5 1985, he advised Max Fox that he would plow in the Ditch but they could work out a deal to deliver the water if needed. She never pursued the matter. Since they could no longer get delivery of this water she sold it off, part to Rinker (A37-11382A) and 2" to Anderson in Cove Canal as mentioned by Dale Mizer. (Transfer needs to be filed by the Anderson party since the split actually occurred in 1989 per Dale Mizer records)

She stated they no longer have any of these rights and she said McCabe has no rights either and she has told him so. No pipeline exists or ever has.

I explained I would plan to recommend her right as claimed then transfer to Rinker as shown.

? She said there was no ditches to the Tinger place and never was any Hiawatha water there.
