Re: SRBA Claim Review notes

Review was based on information in the claim file and available imagery. Irrigation and domestic use were claimed. Based on available imagery, irrigation took place only around the house. Other vegetation generally follows a ditch running through the property. The place of use was delineated around the house. Since there does not appear to be more than half an acre of irrigation, the right was recommended for domestic use only with the standard volume of domestic use with one half acre of irrigation.

Additionally, the 2004 NAIP and 1987 Infrared imagery do not overlap well in this area. The Place of other data (e.g. taxlot information) and the Preliminary Recommendation was sent to the claimant with 2004 background imagery.

RESPONSE DEADLINE
JUNE 17, 2005

Re: Evidence of Priority

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, in the coming year, conduct reviews and/or field exams for the claims in your area. Since the priority date of a beneficial use water right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the Department. If you have received this correspondence from the previous owner of the property it is required that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Enclosed you will find a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: The Department will not recommend the court decree the notice **as claimed** if no evidence of a priority date is submitted – it may be disallowed. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement does **not** need to be in the form of a notarized affidavit as described in the brochure, but must relate first hand knowledge of the water right in question and include dates, quantities of water and extent of water use.

Submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding Notice of Claim number (i.e. 37-_____). If you have questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor

Dear Claimant in the Snake River Basin Adjudication (SRBA):

You or the predecessor in interest of your property filed a "Notice of Claim to a Water Right in the Snake River Basin Adjudication" with the Idaho Department of Water Resources. Claim filing began in 1988, and since that time IDWR has worked to complete recommendations throughout the state. Now the investigation of "Irrigation and Other State Based Claims" is about to begin in the area where your claim(s) were filed, IDWR's administrative Basin 37. As shown in the enclosed map, this basin includes parts of Blaine, Camas, Elmore, Gooding and Lincoln counties and is subdivided into 3 parts.

If your claims are located in Basin 37 Part 2 or Part 3*, you are invited to attend a public meeting at one of the locations below on **Wednesday, September 22, 2004**:

10:00 am
Liberty Theater
116 N. Main St.
Hailey, Idaho

or

2:30 pm
Camas County Senior Citizens Center
7129 W Willow
Fairfield, ID

* Similar informational meetings were held in Basin 37 Part 1 over the last couple of years.

The purposes of this general informational meeting are to provide an update on how the adjudication process works; introduce IDWR staff that will be working in your area; and to give you the opportunity to express concerns or discuss problems relating to water delivery in your area. This will help us understand, from an historical perspective, the use and delivery of your water right.

IDWR adjudication staff will be investigating your claims beginning this year with additional field work next season. We request your cooperation in this process - the better we understand your water rights, the more accurate our recommendation will be to the SRBA Court.

Please contact our toll-free number, 1-800-451-4129, if you have any questions.

Sincerely,

Douglas Jones, P.E.
Supervisor
