)

A notice of claim was filed for the above-captioned water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources (IDWR) examined the water system for this reporting area. The *Director's Report* contained a recommendation for the elements of this water right.

Although no objections were filed to the *Director's Report* for this claim, a partial decree has not yet been issued because the claim was identified by IDWR to be an uncontested claim that might be affected by the outcome of contested claim 95-04360. All issues regarding water right 95-04360 have been resolved.

Therefore, based on the file and record herein, IT IS RECOMMENDED that water right 95-00964 be **decreed** with the elements as set forth in the attached *Recommendation for Partial Decree Pursuant to I.R.C.P. 54(b)*.
