Combined Use Limits for Molyneux Rights

<u>Transfer</u>	<u>Rights</u>	<u>Combined Acres</u>	<u>Combined Rate</u>	<u>Combined Vol.</u>
5563 (GW)	37-2658 37-44218 37-7651 37-11430	591	9.24	2068.5 Diversion Volume
70140 (SW)	37-20570 37-20577 37-20593	396 within 591		1386.0 Field Headgate Vol.
5551 (SW)	37-20571 37-20574 37-20578 37-20581 37-20584	195		682.5 Field Headgate Vol.

* All 12 rights are limited to 591 acres

* All 12 rights are limited to 27.41 cfs, which is the sum of the surface water diversion rates. This comes to about 0.046 cfs per acre

* The four rights from Transfer 5563 are limited to 9.24 cfs + 2068.5.

Combined Limits for Molyneux Rights

- * The 3 rights in Transfer 70140 are limited to 396 acres.
- * The 5 rights in Transfer 5551 are limited to 195 acres.

Note: 396 acre + 195 acres = 591 acres

- * The volumes will not be listed as annual diversion volume limits for the individual surface water rights because the high diversion rates and conveyance loss will result in more than 3.5 AF/acre being diverted annually. Instead, the volumes will be listed in conditions as combined field headgate volumes.
- * The rate for 37-11430 is not additive because it is an enlargement right.

RE: Claim 37-4421B

I, A. W. Molyneux, purchased the Clark farm in Sections 1 & 12 T. 1S R. 18E, in 1982 from Wayne Clark. He told me that he had farmed this land since the late 1930's using water from the Big Wood River. He also stated that he drilled a 6" artesian well in the NE/NW Sec. 12 in 1955, running the water into the existing ditch system for irrigation and year-round livestock use (about 300 cow-calf pairs). The well was apparently never measured, as Clark never said what it flowed. He did not say how many acres were irrigated, but it would have flowed under gravity to the land south and west of the well (the ditch comes to the well from the east). We do not know of anyone in the area with personal knowledge of this well, so this affidavit is the best we can do to support the claim.

Sincerely,

A. W. Molyneux

Re: Evidence of Priority

RESPONSE DEADLINE
JUNE 17, 2005

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, in the coming year, conduct reviews and/or field exams for the claims in your area. Since the priority date of a beneficial use water right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the Department. If you have received this correspondence from the previous owner of the property it is required that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Enclosed you will find a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: The Department will not recommend the court decree the notice **as claimed** if no evidence of a priority date is submitted – it may be disallowed. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement does **not** need to be in the form of a notarized affidavit as described in the brochure, but must relate first hand knowledge of the water right in question and include dates, quantities of water and extent of water use.

Submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding Notice of Claim number (i.e. 37-____). If you have questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, R.E.
Water Rights Supervisor
