WATER RIGHT LICENSE

THIS IS TO CERTIFY, that Sun Valley Water & Sewer District
of Sun Valley, Id, has complied with the terms and conditions of Permit
No. 37-7102 issued pursuant to Application for Permit dated May 25, 1971,
and has submitted proof to the Department of Water Resources on July 23, 1981,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 9.18 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Subject, however, to the condition that no more than 9.0 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed N/A acre feet per year, said waters to be diverted within the (3 pts.) Dear Don:

On April 6, 1989, we had a phone conversation regarding the SRBA claims of the Sun Valley Water & Sewer District. I had done a sweep of the adjudication side of the Public Access computer program on the PC here in the firm and did not find any claims under this applicant's name.

At the time, you indicated that the department is working on an electronic fix to make changes in receipted claims. I checked the AJ side of our computer access program this morning and note that there has been no change regarding the claims of this applicant. I enclose copies of the screens for your information.

Please advise the status of these claims and whether you have a suggestion for entering them into the adjudication either through the previously mentioned electronic fix or some sort of manual method. Best wishes. I appreciate your help and your interest in my on-going SRBA questions.

Very truly yours,

Frank

Re: Snake River Basin Adjudication SRBA
Sun Valley Water & Sewer District
Blaine County

Dear Frank,

Responding to your letter of June 13, 1989, I see that today the four claims of the Sun Valley District are electronically stuck in the Southern Region computer. As I indicated then the completing of the receipt for the District's fees was done in error such that the water right numbers on the receipt do not match the water right numbers assigned to the claims. The fix to the receipting programs is in a testing stage at this time and should be in production soon. This will allow modifying the water right numbers within the receipt to permit the proper updating of the computer files.

From all appearances the claims of the Sun Valley District have been properly filed and the appropriate fees paid. Viewing of these records through the public access program should soon be available. Until that time I appreciate your patience as those of us at the Agency struggle with these little snags. As of today the method to confirm the filing of these claims is by contacting the Southern Region office where you may obtain photocopies or computer prepared copies.

Yours Truly,

Donald V. Shaff

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
