RE: Snake River Basin Adjudication (SRBA) Claim 63-35200

Dear Evelyn Roesler:

The Idaho Department of Water Resources received, through a *Motion for Determination of Deferred De Minimis Domestic and Stock Water Use*, notice of claim 63-35200. Claim 63-35200 describes use of ground water for DOMESTIC and STOCKWATER purposes within Canyon County. However, the claim, as filed, is incomplete. Claims must comply with Section 42-1409, Idaho Code, and Idaho Administrative Procedures Act (IDAPA) 37.03.01.060. Section 6 and 7 on the claim, Period of Use and Quantity must be completed for the claim to be valid.

DOMESTIC and STOCKWATER uses are generally described with a year-round period of use (1/1 thru 12/31). A typical diversion rate for DOMESTIC use for internal use with lawn and garden irrigation is 0.04 cubic feet per second ("cfs") or 18 gallons per minute ("gpm"). A typical diversion rate for STOCKWATER use for 0-25 head of stock is 0.02 cfs.

I have enclosed a Notice of Claim where I have filled in Item 7 and Item 8 with the standard period of use and typical diversion rates for domestic and stockwater use. Please review the claim and make any changes you feel are appropriate.

When satisfied, you will need to sign and return the claim. I recommend you make a copy of the original motion and resend it with copies of the completed claim to the parties identified on the Certificate of Mailing. I also suggest you write up short explanation as to why you are resending the motion and include it with the latest mailings to the parties.

Please note that the next step in the deferred *de minimis* process is for you to publish a notice of the pendency and purpose of the motion (notice) once a week for not less than three (3) weeks in a newspaper of general circulation in the county in which the point of diversion is located. In the publication, you will need to include a diversion rate and period of use.

If you have any questions or need further clarification, please don't hesitate to contact me.

Respectfully,

Craig L. Saxton
