RE: LOTS 1 AND 2, SECTION 18, T6S, R19E, BM

Dear Mr. Hobdey:

Your letter dated January 7, 1993 to John Carlson of this office has been referred to me for response. After receiving your letter and reviewing the file associated with the above referenced tract of land, the department has decided to convey the portion of the lots north of the railroad tracks to the State Board of Land Commissioners and to quitclaim the portion of the lots south of the tracks to Jerry Nance. Mr. Nance has qualified as an "equitable claimant" for the land as provided in Section 67-3301, Idaho Code.

Enclosed please find a quitclaim deed to the portion of the lots south of the railroad tracks. This tract of land was patented to the state of Idaho under the Carey Act by Patent Record No. 459050 as segregated at the General Land Office, Hailey, Idaho and dated February 19, 1915.

Please feel free to contact the department if you have questions.

Sincerely,

Dear Mr. Hamilton:

I am transferring custody and control of a portion of Lots 1 and 2, Section 18, T6S, R19E, B.M. in Lincoln County, Idaho to the State Board of Land Commissioners, as provided in section 67-3301, Idaho Code. More specifically, the portion which I am transferring is the part of Lots 1 and 2 lying north of the railroad tracks which run in an east-west direction through the lots.

This tract was patented to the state of Idaho under the Carey Act by Patent Record No. 459050 as segregated at the General Land Office, Hailey, Idaho and dated February 19, 1915. Attached is a certified copy of Patent No. 459050.

The department has determined that equitable claimants for the land as provided in Section 67-3301, Idaho Code, do not exist for the land in Lots 1 and 2 north of the railroad tracks. However, an equitable claimant to the lots south of the railroad tracks does exist and we plan to quitclaim that portion of the lots to the equitable claimant.

Also enclosed is a plat of the land, an affidavit describing compliance with the provisions of section 67-3301, Idaho Code, and a brief history of the parcel.

Please call me if you have questions. Also please advise me in writing of your receipt of this letter.

Sincerely,

To: File - T6S, R19E,B.M., Section 18, Lots 1 and 2

From: L. Glen Saxton *LS*

RE: **FIELD INSPECTION OF LOTS 1 & 2, SECTION 18, T6S, R19E,B.M. AND RECOMMENDATION**

Date: March 12, 1993

On April 2, 1984, department staff conducted a field inspection of Lots 1 and 2, section 18, T6S, R19E,B.M. (lots 1 and 2) to determine any improvements on the land which might show whether equitable claims to the lots may exist.

The field inspection of lots 1 and 2 showed that railroad tracks (tracks) and a canal cross the northern part of the lots and that the canal turns south near the middle of lot 2. The land north of the tracks in lots 1 and 2 and west of the canal in Lot 2 do not appear to have been used to raise crops in the past. Approximately 26 acres in lot 1 and 18 acres in lot 2 both south of the tracks appear to have been used to raise crops.

In March of 1987, the department corresponded with land owners adjacent to lots 1 and 2 in an effort to determine equitable claimants. On March 25 and April 1, 1987, the department published a legal notice in the Lincoln County Journal requesting the submittal of evidence from any party who believed the party might have an equitable claim to the land. Three (3) parties responded to the notice. Two of the parties who owned land adjacent to lots 1 and 2 north of the tracks were interested in purchasing the land even though they had no claim to the land. The other party, Jerry Nance (Nance), submitted evidence to show that he has used the land to raise crops.

The Lincoln County ASCS records show that Nance has used lots 1 and 2 on the south side of the tracks to raise crops. A field examination conducted by the department on July 27, 1982 in connection with permit no. 37-07504 also found the land in lots 1 and 2 south of the railroad tracks being irrigated.

The Lincoln County Assessor's records show that lots 1 and 2 are owned by the state of Idaho and have never belonged to an individual owner.

From the evidence available it appears that Jerry Nance has an equitable claim to the portions of lots 1 and 2 south of the railroad tracks. I recommend the department quit claim those

MICROFILMED

portions to Jerry Nance. The quit claim deed should make provision for existing easements and rights-of-way such as for the railroad and the canal.

I further recommend that the department convey portions of lots 1 and 2 on the north side of the tracks to the board of land commissioners for retention or disposal as provided in section 67-3301, Idaho Code.

From: L. Glen Saxton *WJS*

RE: BRIEF HISTORY OF HOW THE CAREY ACT PERTAINS TO THESE PARCELS (i.e. T6S, R19E,B.M., Sec. 18, Lots 1 and 2)

Date: March 12, 1993

Section 4 of an Act of Congress as found on Page 422 of Volume 28, of the Statutes at Large is an act making appropriations for sundry civil expenses of the government for the fiscal year ending June 30, 1894 (commonly known as the Carey Act). The Act and Acts Amendatory thereof (the Act of Congress approved June 11, 1896, as found on Page 434 of Volume 29 of the Statutes at Large, the Act of Congress approved March 3, 1901, as found on Page 1133 of Volume 31 of the Statutes at Large, the Joint Resolution approved May 25, 1908, as found on Page 577 of Volume 35 of the Statutes at Large, the Act of Congress approved May 27, 1908, as found on Page 347 of Volume 35 of the Statutes at Large) were accepted by the state of Idaho in 1895.

The land of concern was filed on together with 167,000 other acres by the Idaho Irrigation Company, LTD. in June 1906.

Water was to be provided from the Big Wood River on which a reservoir was to be constructed.

In June of 1909, Royal S. Goldsbury filed entry #736 on Lots 1, 2, 3, 4, and 5 of Section 18, T6S, R19E,B.M.

On April 6, 1910, Goldsbury assigned the entire entry to Herbert W. Mason.

On December 7, 1910, Mason assigned Lots 3 and 4 to Warren H. Barnes.

On December 24, 1910, Mason assigned Lot 5 to Benjamin Lawrence Owen.

A total of 117,677.24 acres was patented to the state of Idaho under Patent #459050 on February 19, 1915, which included Section 18, T6S, R19E,B.M. (749 acres).

Barnes received Patent #4329 to Lots 3 and 4 on June 18, 1915 and Owen received Patent #4878 to Lot 5 on June 18, 1915. Lots 1 and 2 were subject to cancellation.

A letter dated July 8, 1929 from the Department of the Interior which acknowledged the reconveyance of certain lands to the federal government did not include any land in Section 18, T6S, R19E,B.M.

MICROFILMED
OCT 25 1994

Bureau of Land Management records show Lots 1 and 2, Section 18, T6S, R19E, B.M. (Lots 1 and 2) in state of Idaho ownership under the 1915 Patent #459050.

Department of Water Resources (department) records show that Lots 1 and 2 were neither relinquished nor deeded and are open to entry.

The Lincoln County Assessor's records show that Lots 1 and 2 are owned by the state of Idaho.

The Lincoln County ASCS office has advised the department that lots 1 and 2 are partially used to raise crops.

In March 1987, the department corresponded with land owners adjacent to Lots 1 and 2 in an effort to determine equitable claimants. In addition, on March 25 and April 1, 1987, the department published a legal notice in the Lincoln County Journal requesting the submittal of evidence from any party who believed they had an equitable claim to Lots 1 and 2. Three parties responded to the notice. Two of the parties owned land north of the railroad tracks adjacent to Lots 1 and 2. These two parties were interested in buying the land but did not show an equitable claim to it. The third party, Jerry Nance, submitted evidence to show that he has an equitable claim to the portions of Lots 1 and 2 south of the railroad tracks.

The department plans to quitclaim to Jerry Nance the portions of Lots 1 and 2 south of the railroad tracks and to convey the portions of Lots 1 and 2 north of the railroad tracks to the State Board of Land Commissioners for retention or disposal in accordance with applicable state law.
