Claims #A71-00069/#A71-00064A/#A37-07558 - Blaine County
#A47-12155 - Twin Falls County

Dear Frank:

This office is returning four of the eight claims that were filed by your office on behalf of the above-referenced claimants as discussed in your telephone conversation with Carter Fritschle on June 26, 1989. The following claims did not have sufficient information for processing:

The claim filed that cited Application for Permit 37-08277 as the basis of claim may be filed as a beneficial use claim based on the expansion of water right License 37-07558, or you may wait to see if the permit is approved. Claims are not accepted where the basis of claim is an Application For Permit.

Two of the claims list springs as the sources, and 1977 as the priority date. An Application for Permit is required for water rights developed from a surface water source after May 20, 1971. You may want to consider filing Applications for Permit instead of claims for these two developments if 1977 is the year the springs were developed. Also, a tributary was not entered in Item 3 b of either claim.

The claim filed in the name of Katherine Breckenridge does not have a priority date entered.

Also enclosed are the claimant's yellow copies of the claims that have been accepted for processing. The identification numbers for these claims are A37-07558, A47-12155, A71-00064A, and A71-00069. The total filing fees for these four claims comes to \$730.00.

Check No. 13625 in the amount of \$901.00 was submitted with the claims. The \$171.00 difference can be applied to the claim fees if you decide to return the claims for processing and/or to an application fee if a new application for permit is submitted.

If you decide to return the completed claims, please do so by August 7, 1989 to avoid a late filing fee. If you have any questions please contact this office.
