Subject: WMIS query

Hi Scott,

here are the two I wondered about:

1) 37-7695: does WMIS know the exact location of the well? I have two different map locations.

Nope. Doesn't look like any location data, other than PLS from claim, ever got into WMIS or the recent GPS point updates. It does have site tag number A0005522 assigned. If you gps it, we can give Tim the data to put in WMIS.

2) 37-10363: This is one I need flow data to verify the use. Claim is for 0.39 cfs.
WMIS has gps location. Two wells, measured Q = 0.038 cfs for Rollermill Well, 0.0711 cfs for Dairy Barn Well for a total of 0.109 cfs.

Any help you have is wonderfully appreciated.
