Subject: RE: Weisel - 37-7731

I agree that Lot 14 is the correct POU and that the irrigated ground in that lot is in both the NENE and the NWNE of sec 12. I did a rough acre calc and found approximately 0.7 ac in the NWNE and the balance of 2.3 acres in the NENE. The license for this one was issued in 1983. As all documents show the POU as the NENE only I think that this one should be amended to include the NWNE. It should have been caught through the recommendation phase but somehow the reviewer linked the POU to lot 15.

As we do not have any claims, recommendations or licenses reflecting any irrigation in the NWNE an amendment would be the way to go. I would then recognize that change in the POU as a correction based upon better mapping rather than a physical change in the POU.

Kelly,

This one seems pretty straight forward in terms of needing an amended claim. The claim claimed lot 14 but Jim is now saying that lot 12 is also owned and should be a POU. Let me know if you agree and I'll let Jim know we need an amended claim.

Thanks,

Chris

Chris,

This subcase has now been set for initial hearing at 3:30 pm on September 18, 2008. Attached are copies of our Objection, a map depicting the recommended place of use from your website, and a county parcel map. My client owns the 2 lots located at 112 and 114 Adams Rib Lane. You will see the recommendation incorrectly puts the place of use at the lot just south of my client's property. Hopefully this can be readily resolved by an SF5 making the place of use correction. Contact me with any questions. Thank you.
