MEMORANDUM

TO: Rockwood & Dilworth Transfer (Right 37-07775G) File

FROM: Corey Skinner *CS*

DATE: August 30, 1995

SUBJECT: Field Verification of Validity of Right

On August 29, I visited the sight involved with water right 37-07775G. A well located in the SENE $\frac{1}{4}$ of Section 22, Township 01N, Range 18E, as stated on the application and water right record, was observed in the field. An abandoned mainline was observed to be running approximately westward, along the south border of the northeast $\frac{1}{4}$, from this well for about half a mile. Approximately 0.3 miles west of the well along the mainline, a short trench had been dug that exposed the broken, currently inoperable mainline. An abandoned field, located in the south half of the northeast $\frac{1}{4}$, was observed during the field check. This abandoned field was overtaken with short cheatgrass, some small sunflowers and other various types of weeds. There was no sage or other types of brushy growth and there was still visible evidence that at one time the ground had been worked. At one time, probably not too long ago, water from the well mentioned above was used to irrigate this abandoned field. The place of use as listed on the application and water right record fall within the boundaries of this abandoned field. In summary, what is listed on the transfer application and the water right matches what was observed in the field. Therefore, right 37-07775G is a valid water right.

Re: Ownership Change for Adjudication Claim #A37-07775

Dear Claimant(s):

In 1988, Rod Kegley filed a claim in the SRBA appurtenant to lands of which you now own a portion. The Department issued a License on these lands on September 8, 1994 and at that time the right was split into parts B through G. To correspond with the license we have split Mr. Kegley's SRBA claim into parts B through G. I have enclosed a copy of your claim A37-07775G. Please review the record and if you have any corrections or questions, feel free to call this office.

Please be aware that should you decide to drill a new well to isolate your portion of the right, you will need to file a transfer with the department.

Sincerely,

Jeanie Robertson
