Dear Mrs. Hansing:

By the time you receive this I hope you are recovering rapidly from your injuries.

On this water right claiming business, I think all of us would be well served to start at square one. The paper trail is terribly confusing.

Three of the prepared claims represent permits or licenses you have on record with this agency. Only A37-08199 (below Civil Case No. 39576 in the upper-right corner) is confirmed previously by a license. The other two, A37-08200 and A37-08217, are in the permit stage awaiting full development and/or licensure following a field examination of the water rights. From my conversation with Sue Lipsey, these three water rights seem to cover the water rights.

A37-08199

Purdum Slough
Recreation and Aesthetics

A37-08200

Irrigation, Stockwater, Domestic

A37-08217

From looking at the water rights and Ms. Lipsey's descriptions, you have the slough water right (A37-08199) supplemented by the well (A37-08217). The house well is A37-08200.

That much is fairly straightforward. Added to this, however, is the presence of a water right decreed to a predecessor that may be appurtenant to your land. This water right is described by A37-00862A covering the irrigation you do from the pond via the upstream ditch and slough. This is why A37-08199 probably does not describe any irrigation as its uses.

The claims you are not required to file are A37-08200 and A37-08217. These permit water rights have not progressed in their development process to require filing claims. Proof of Beneficial Use, as it is called, is not due until 1990 or later. You will be notified of the time Proof is due. You will also be notified, if you do not file claims now, if and when claims in the adjudication must be filed.

Due to the conveyance of property questions, I am also not convinced you should file a claim on A37-00862A. The bottom line may be, if in doubt, claim it.

Fees:

A37-00862A	\$52.00
A37-08199	\$90.00
A37-08200	\$50.00
A37-08217	\$90.00

This letter will supersede correspondence from this office dated December 16, 1988 and January 3, 1989, except as the late fee applies. Let's use this letter as a basis to follow up on the initial claim(s) you filed.

Thank you for struggling with this matter while you recuperate from your injuries. Please call if you would like to discuss this matter further. RE: Peter Trust, Jerome D. Mack, Trustee
ABA River Grove Farm

Dear Chuck:

During the staff review of the above referenced claims, several problems were encountered which may require additional action on your part in order to claim all the water rights which you were attempting to claim for your client.

There are three claims which are acceptable as submitted. You will find copies of these attached. They are:

A37-12353 with a fee of	\$25.00
A37-12354 with a fee of	\$25.00
A37-04420 with a fee of	\$50.47

There are three additional claims which will be dealt with individually. First, Claim A37-08200 is based on a permit which has not yet had Proof of Beneficial Use submitted to the Department. According to the Rules and Regulations, if Proof of Beneficial Use was not filed by November 19, 1987, you are not required to file a claim, however, you may file this claim if you want. You are given this opportunity to withdraw the claim. Therefore, I am returning this claim with no action taken.

If you wish to submit a claim for #37-08200, please return it with a copy of this letter and we will apply funds from the outstanding balance. If this claim is re-submitted please be aware that the priority date on the permit is 11/07/1984. Also, a signature is needed on page 4.

Claim No. A37-00862 is based on a decreed right which does not include recreation use. If you wish to claim a water right for recreation use, you must file a separate claim. This claim has been partially accepted for the decreed amount of water for irrigation with a fee of \$210. A copy of the acceptable claim is attached.

Claim No. A37-08249 is based on a permit for Fish Propagation. The claim you submitted added irrigation and domestic uses. We have partially accepted the permitted amount of water for fish propagation and rejected the other uses and applied a fee of \$59.80. A copy is attached. You may claim the expanded uses under the "presumption" statute §42-1416, Idaho Code, on a separate claim, however, you should be aware that these additional uses are in violation of the mandatory permit requirements. The possibility does exist that the expansion claim you file may be protested or disallowed. You might file an application for permit which would begin the permit process for your client to acquire a valid water right which is not in violation of the mandatory permit requirements.

Please also find a receipt in the amount of \$1060.80 which was submitted with the claims. The balance of 690.53 is being held pending your action. You may request a refund of this balance at any time or you may apply it to fees for additional claims which you may submit.

Feel free to contact this office if you have any questions or need assistance.

Sincerely,

Donald V. Shaff
