PLACE OF USE:

The place of use is within the designated stream reach from the beginning point to the ending point described above.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

The Director retains jurisdiction of the right and may change, add, or remove any requirement as determined to be appropriate.

*Prepared for
SF-5
2/4/09*

EXPLANATORY MATERIAL: BASIS OF CLAIM - License .

Use of water under this water right will be regulated by the watermaster of State Water District No. 37, Big Wood River.

Upon the future finding and order of the director that gauging stations are required to maintain the approved minimum flow on the Big Wood River, such measuring devices shall be permanently installed as specified by the Department.

The Director retains jurisdiction, as described below, to review and amend any and all parameters of this right. The Board, upon receiving a request, or upon its own initiative, may petition the Director for an amendment to the right. The petition must set forth any significant change in circumstances and evidence of the public interest supporting the proposed amendment. The Director will notify the general public and specific persons or known interested parties of the proposed change, and conduct a hearing for the purpose of determining whether the right should be amended in the public interest. The burden of proof at the hearing shall be upon the persons or parties seeking the amendment to establish that the amendment of the right would be in the public interest.
