RE: Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Notice of Claim (claim) to a Water Right

Dear Mr. Dalebout:

Regarding our recent phone conversation, enclosed is a water right claim form, and copy of your existing license, along with field exam information and two maps. This claim is based on right 96-7442 so most of the information has already been completed. Please review the information for accuracy, then sign and date under item 14 on the claim.

That being said - please note that the license shows your point of diversion and place of use in T56N, R01W, Section 29, SW1/4SE1/4. The legal description for your diversion and place of use appears to be T56N, R05W, Section 29, SW1/4SE1/4. I've enclosed the two maps for comparison purposes to show you the difference between the licensed location and the actual location.

As a result, your claim will need to be amended to reflect the correct legal description. To do this, just cross out the incorrect information under items 4 and 9 and write in the correct information. Please initial and date each change that you make. Also, please show where the diversion and place of use are located on the enclosed map and return this with the claim form. One more item, please put a remark in item 12 relating to the incorrect legal description as we need to know if the diversion and place of use have always been in this location, if it was listed in error, or if a change has actually occurred.

I've also enclosed a blank claim form, with instructions, for your well water usage. Please make a copy of the enclosed map and show where the well and home are located.

This information may be returned to our Coeur d'Alene office at the address listed above. The claim filing fee is \$25.00 per claim.

Please feel free to contact me if you have any questions. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Senior Water Resource Agent
