RE: Resending of *Motion for Determination of Deferred De Minimis Domestic and Stock Water use* and
Notice of Claim 63-35200

Dear Clerk of the District Court,

I am resending updated claim 63-35200 along with the completed Resending of *Motion for Determination of Deferred De Minimis Domestic and Stock Water Use* because the original claim attached to the motion was incomplete as it was missing a Period of Use and Quantity.

Sincerely,

A handwritten signature in blue ink that reads "Evelyn M. Roesler". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
