South, Range 21 E., B. M., and are owned by and in the possession of the various stockholders and users of water through the canals of the said corporation; that the said amount of water is necessary for the proper irrigation of the lands belonging to the said stockholders. That the capacity of the canals belonging to the said corporation is 13,750 inches, but that certain appropriators of water from the said Little Wood River, who have independent rights decreed to them in the said action of N. R. Woodworth, et al., vs. Frank Anthony, et al., use the said canals for the purpose of conveying said decreed rights of water to their respective lands, to the extent of 3750 or more inches of water.

22. That the Mullins Canal & Reservoir Company, and its predecessors in interest, on or about the 15th day of June, 1890, appropriated and diverted from Big Wood River 750 inches of water, for the purpose of irrigating certain lands lying under its canal, a portion of which lands was owned by B. G. Mullins or his wife, and a portion of which was owned by other parties, to whom the appropriators of the said amount of water intended to furnish the water by rental or sale; that subsequently thereto the said defendant had segregated a large acreage of land, embracing about 7768 acres, under the terms of the Carey Act, and made a contract with the State of Idaho for the construction of a canal and reservoir system, for the purpose of irrigating said segregated tract of land; but that the said defendant has failed up to the present time to construct its canal and reservoir system of a sufficient capacity to carry more than 750 inches of water, and has failed to comply with the terms of its contract with the State of Idaho for the construction of the same, and that the time within which the said canal and reservoir system was to be completed, under the terms of its said contract with the State of Idaho, has long since expired.

23. That the defendant, W. T. Riley, and his predecessors in interest, on or about the 24th day of March, 1883, appropriated and diverted 6,000 inches of the waters of Big Wood River, for the purpose of irrigat-

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
Adjudication Bureau Chief

Claim No. A37-10717

This form is to be used to document public record information requests regarding any SRBA claim or claims. The form may also be used to document IDWR communications requesting information regarding any SRBA claim or claims when the request is not made in writing or the claim verification report is not readily available to document the request. This form is to be filed in all relevant claim files or a central office file.

IDWR Employee/Agent STEVE CLELLAND

Date 7-5-94

Contact Person(s) NICK SPENCER

Nature of Contact INQUIRY ON EXAM

Substance of Communication Nick wanted to know where the status of my exam work left off.

at the time of last review on this file;

I had determined the use must be irrigation + not Muni. I have not confirmed the irrigation uses and had not identified any acres as irrigated by the City of Hailu. The issue of forfeiture has not been completely resolved.

No reference in file that the use was leased out.
