Dear Waterowner:

Just a note of reminder - everyone who has water in the Hiawatha Canal Co. must file on each decree they own by October 26, 1988, Failure to do so, can result in losing your water right. All wells must also be filed on. I am enclosing two notices which appeared in our local papers, and am listing the decrees owned by individuals in the Hiawatha Canal Co. The Canal Co. can not do the filing because it does not own the water - the individual does.

ATTACHED IS A COPY OF THE LETTER I SENT TO JANET LEE ARGYLE AND A COPY OF THE MEMO TO SRBA CLAIMS A37-12746A & A37-12746B EXPLAINING THE ANALYSIS OF TRANSFER 3564.

THIS MAY HELP EXPLAIN WHY HER APPLICATION ON THE EXTENSION LISTED 0.05 CFS.

THE SRBA RECOMMENDATION FOR ARGYLE'S CLAIM A37-12746A WILL CONCUR WITH THAT FOUND BY JIM STANTON AS DESCRIBED IN HIS MEMO OF JULY 19, 1994; THE RIGHT HAS BEEN FORFEITED BY NON-USE.

THE RECOMMENDATION FOR LANIER'S PORTION HAS NOT BEEN REVIEWED AT THIS POINT.

I SUGGEST SOMEONE ADD THIS TRANSFER 3564 TO THE DATA BASE OF WATER RIGHTS FOR FUTURE REFERENCE.

RE: SPLIT ANALYSIS OF TRANSFER 3564 ON SRBA CLAIMS

=====

CURRENT PROCEDURE REGARDING APPROVED TRANSFERS IS THAT THE CORRESPONDING SRBA CLAIMS ARE EFFECTIVELY AMENDED BY THE TRANSFER PROCESS.

THE TRANSFER FILED BY FRANK LANIER IS APPROVED TO TRANSFER THE POD AND POU OF A PORTION OF THE BASE WATER RIGHT. THE BASE WATER RIGHT IS 37-00577AE AS SHOWN BY "DRJ 5-6-89" ON THE TRANSFER AND AS CLAIMED IN THE SRBA CLAIM A37-12746. LANIER ALREADY IRRIGATES 6.0 ACRES UNDER THE RIGHT AND SRBA CLAIM 37-00577BH, THIS TRANS. ALLOWS HIM TO MOVE 0.10 CFS TO SUPPLEMENT HIS EXISTING USE, AND NO ACRES ARE MOVED IN THE PROCESS AS DESCRIBED.

THE ORIGINAL POU AS DESCRIBED BY JANET LEE IN A37-12746 LISTS 3.0 ACRES AND 0.15 CFS. THE TRANSFER LEAVES HER PORTION AS 2.0 ACRES, STATING ONE ACRE WILL BE DRIED UP, AND THE REMAINING BALANCE OF THE DIVERSION RATE OF 0.05 CFS.

SINCE THE TRANSFER HAS BEEN APPROVED IT IS ASSUMED THE OWNERSHIP OF HIS PORTION TRANSFERRED WAS ESTABLISHED IN THE TRANSFER PROCESS. AS OF THIS DATE THE TRANSFER 3564 HAS NOT YET BEEN ADDED TO THE WATER RIGHT DATA BASE AND THE RIGHT 37-00577AE REMAINS UNCHANGED. THE WATER RIGHT SPLITS LISTED ON THE TRANSFER, NUMBER THE PORTION NOW OWNED BY LANIER, AS 37-00577BU AND THE REMAINING PORTION OF 37-00577AE TO BE 37-00577BT. THE PORTION OF 37-00577AE (NOW AKA 37-00577BT) THAT BELONGS TO JANET LEE IS NOT IDENTIFIED IN THE WATER RIGHT RECORDS AND IS STILL BEST DESCRIBED WITHIN THE SRBA CLAIM A37-12746A.

RE: APPLICATION FOR EXTENSION OF TIME TO AVOID FORFEITURE OF A
WATER RIGHT - 37-00577CC (PART) - JANET LEE ARGYLE

Dear Mr. Bennetts:

I have reviewed your letter dated November 9, 1994 together with enclosures which you submitted on behalf of Janet Lee Argyle.

The information you submitted relative to my letter of October 19, 1994, shows that Ms. Argyle has submitted Snake River Basin Adjudication (SRBA) Claim No. A37-12746 to the department claiming 0.15 cfs of water from the Big Wood River. The Application For Extension of Time to Avoid Forfeiture of a Water Right shows 0.05 cfs of water. I'm not sure why there is a difference in the rates of flow shown but the validity of the claim will ultimately be determined by the SRBA court whether the department approves the pending extension request or not.

The statement from the ditch rider that the right has not been "abandoned" is not sufficient to show that there has not been a consecutive 5 year period of non-use. Water District 37 records reviewed by department staff in July of 1994 show that water under the right in question was last used in 1988. If those records are not correct, please provide appropriate information to the contrary. As you know, the ditch rider and the watermaster are two different entities. In addition, a right can be "forfeited" through five (5) consecutive years of non-use even though a water user never does intend to "abandon" a water right.

Please provide any other appropriate information you may have to the department within thirty (30) days. The department then will act upon the pending application.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocation Bureau

RE: APPLICATION FOR EXTENSION OF TIME TO AVOID FORFEITURE OF A
WATER RIGHT - 37-00577CC (part)

Dear Ms. Lee:

In the department's final review of the above referenced application which you filed on May 31, 1994, it appears the department can not approve the application for two (2) reasons.

The present information in department files does not show that you own the right for which you filed the application and there has been a period of non-use in excess of five (5) years. A water rights is generally forfeited through non-use if not used for a period of five consecutive years.

If you have more specific information in connection with the two (2) matters described above, please provide the information to the department within thirty (30) days. The department will then consider the information in connection with final action on the application.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocation Bureau

Re: Application for Extension of Time To Avoid Forfeiture,
No. 37-00577CC part

Dear Ms. Argyle:

The Department of Water Resources acknowledges receipt of your application for extension of time to avoid forfeiture as referenced above.

This office has scheduled advertising the application in the Wood River Journal for 8/24 & 8/31/94. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. A typical processing time for an unprotected application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

James E. Stanton
Sr. Water Resource Agent

INTER-DEPARTMENT MEMO

TO: Argyle Ext. of Time to Avoid Forf.

SUBJECT: Site Inspection

FROM: Jim Stanton

DATE: 7-19-94

Today I talked with Mrs. Argyle by telephone, and last week I visited this property. The 3 acres owned by her has been subdivided into 3 lots known as Orien Estates. She has not owned any of this land since the end of December 1991 when Lot 3 was sold. She stated that no water rights were conveyed with the land, although the one deed I got from the courthouse is silent on water. Watermaster records show that Mrs. Argyle has 9.8 ~~cm~~ inches of water but that this water was last delivered in 1988. She stated that she ~~did~~ stopped using this water sometime before then; she let someone else up the ditch use it. It appears clear that this right has gone thru at least six years of non-use, which should invalidate the right. This is another clear case of someone just sitting on a water right until the price goes up. Extension should be denied, and right/SRBA claim should be declared invalid.

RE: Snake River Basin Adjudication SRBA
A37-0057AE

Dear Mrs. Lee:

We are returning your Notice of Claim to a Water Right filed for your property in Blaine County and your check #1876 in the amount of \$52.00. In checking your claim against the records in our files, we have noted some problems with your claim which we would like you to correct. I will address these problems in the order that they appear on the claim form.

You have not filled in the blanks at Item #3, source of water supply, and Tributary to. Our records indicate that the source of water is the Big Wood River which is tributary to the Malad River./

At Item #5, please describe the method that water is delivered to your property. This need not be an elaborate description, but it should be as complete as you can make it. Please note if the water is being delivered by a ditch, pump and handlines, headgate, etc.

At Item #6, you have listed 7½ miner's inches as being used to irrigate your property. We would covert this to .15 cfs for purposes of data base conformity. This appears to be an excessive amount of water for irrigation for two acres. If you wish to retain this amount of water, you will be required to provide proof to the department that you are placing all the water to a beneficial use on your property.

At item #8, a standard consumptive use for your area would be 2.5 acre feet per acre per annum for a total of 5.0 acre feet. If you wish to claim more than this amount, please describe your own consumptive use in this space, otherwise we will assume the standard amount.

At Item #9, if you have any household or stockwater uses on this property from this source, please list them here. If there are no other uses, please write "none".

At Item #15, you have listed beneficial use as the basis of your claim. Since the basis of your claim is a decree, please note decree instead.

The last item we need to address is Item #16. Please note at #16a if you do or do not wish to receive the monthly docket sheet published by the department. If you do wish to receive this document, please enclose a check for \$7.50 to cover the cost of the subscription.

Please return the documents to this office at my attention. If you will make these corrections before February 6, 1989, you will not be assessed a late filing fee. Please do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

Donald V. Shaff

RE: APPLICATION FOR EXTENSION OF TIME TO AVOID FORFEITURE OF A
WATER RIGHT - 37-00577CC (PART) - JANET LEE ARGYLE

Dear Mr. Bennetts:

I have reviewed your letter dated November 9, 1994 together with enclosures which you submitted on behalf of Janet Lee Argyle.

The information you submitted relative to my letter of October 19, 1994, shows that Ms. Argyle has submitted Snake River Basin Adjudication (SRBA) Claim No. A37-12746 to the department claiming 0.15 cfs of water from the Big Wood River. The Application For Extension of Time to Avoid Forfeiture of a Water Right shows 0.05 cfs of water. I'm not sure why there is a difference in the rates of flow shown but the validity of the claim will ultimately be determined by the SRBA court whether the department approves the pending extension request or not.

The statement from the ditch rider that the right has not been "abandoned" is not sufficient to show that there has not been a consecutive 5 year period of non-use. Water District 37 records reviewed by department staff in July of 1994 show that water under the right in question was last used in 1988. If those records are not correct, please provide appropriate information to the contrary. As you know, the ditch rider and the watermaster are two different entities. In addition, a right can be "forfeited" through five (5) consecutive years of non-use even though a water user never does intend to "abandon" a water right.

Please provide any other appropriate information you may have to the department within thirty (30) days. The department then will act upon the pending application.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocation Bureau

RE: APPLICATION FOR EXTENSION OF TIME TO AVOID FORFEITURE OF A
WATER RIGHT - 37-00577CC (part)

Dear Ms. Lee:

In the department's final review of the above referenced application which you filed on May 31, 1994, it appears the department can not approve the application for two (2) reasons.

The present information in department files does not show that you own the right for which you filed the application and there has been a period of non-use in excess of five (5) years. A water rights is generally forfeited through non-use if not used for a period of five consecutive years.

If you have more specific information in connection with the two (2) matters described above, please provide the information to the department within thirty (30) days. The department will then consider the information in connection with final action on the application.

Sincerely,

L. GLEN SAXTON, Chief

INTER-DEPARTMENT MEMO

TO: Argyle Ext. of Time to Avoid Forf.

SUBJECT: Site Inspection

FROM: Jim Stanton

DATE: 7-19-94

Today I talked with Mrs. Argyle by telephone, and last week I visited this property. The 3 acres owned by her has been subdivided into 3 lots known as Orien Estates. She has not owned any of this land since the end of December 1991 when Lot 3 was sold. She stated that no water rights were conveyed with the land, although the one deed I got from the courthouse is silent on water. Watermaster records show that Mrs. Argyle has 9.8 ~~cm~~ inches of water but that this water was last delivered in 1988. She stated that she ~~did~~ stopped using this water sometime before then; she let someone else up the ditch use it. It appears clear that this right has gone thru at least six years of non-use, which should invalidate the right. This is another clear case of someone just sitting on a water right until the price goes up. Extension should be denied, and right/SRBA claim should be declared invalid.
