RE: Snake River Basin Adjudication (SRBA)
Notice of Change in Water Right Ownership - #78-4288

Dear Vic and Charlotte,

We have modified our records to reflect Armacost Investments, LLLP, as a current owner of water right #78-4288.

As I stated in my July 16, 2008, email to you, you are due a refund in the amount of $75.00. The refund process has been initiated with the State Auditor's Office. You should receive a check in the near future.

Sincerely,

Carter Fritschle

Subject: Change of Ownership

Dear Vic,

I have reviewed the change of ownership you have submitted to change the water rights/claims that are in Charlotte's name to Armacost Investments LLLP. Rights 78-267, 78-268, 78-10773 and 78-12308 have had the partial decrees issued by the SRBA Court, so the change of ownership for those rights does require the $25.00 per claim filing fee. Claim 78-4288 is still pending before the SRBA Court, so there is no charge for the ownership change on that record. We will replace Charlotte's interest in that right with the LLLP. Claim 78-4006A is in the name of Goose Lake Reservoir Co., so you will need to contact that organization directly to update their records. Similarly, Claim 78-4275 is in the name of Granite Twin Lakes Water Users, so you will need to contact that organization to update their records.

I did not find any additional claims or water rights in Charlotte's name, so we will initiate a refund of $75.00 dollars of the $175.00 paid by check no. 139 for the change of ownership fees.

Carter

Claim No. 78-4283

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, **Idaho Code**, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), **Idaho Code**. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that Osborn Ranch Inc. &/or Branstetter Ranch &/or Campbell Ranch

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

(1) Date of priority: (When was the water first applied to a beneficial use) 1951

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)
Goose Creek tributary to Little Salmon River

(3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

GOOSE LAKE RESERVOIR
EXHIBIT A
GENERAL STATEMENTS AND EXPLANATIONS

1. Goose Lake Reservoir Company is now, and at all times subsequent to October 21, 19 19, has been, an Idaho Corporation with its offices and principal place of business at New Meadows, in Adams County, Idaho.

2. Goose Lake Reservoir Company is the owner of Goose Lake Reservoir, imposed upon and over Goose Lake, a natural lake, near the head of Goose Creek, in approximately Sections 1, 11, 12 and 14, Township 20 North, Range 2 East, B.M., in Adams County, Idaho. Goose Lake and Goose Lake Reservoir are situate in the Payette National Forest which has granted Goose Lake Reservoir Company Special Use Permit to maintain and operate its storage reservoir.

3. The purpose and function of Goose Lake Reservoir Company is to annually impound in its Reservoir flood water of Goose Creek and during the irrigation season of each year to deliver storage water from its reservoir, through the natural channel of Goose Creek, a distance of approximately 9 miles, to the canals and ditches of land owners who have purchased or otherwise acquired ownership of, or the right to use, storage water of Goose Lake Reservoir Company for irrigation of land in Meadows Valley in Adams County, Idaho.

4. The right of Goose Lake Reservoir Company to construct its reservoir and store flood waters of Goose Creek for beneficial use in the irrigation of land, was initiated as follows:

A. On October 15, 1919, one Charles A. Campbell of New Meadows, Idaho, made application to the Department of Reclamation of the State of Idaho to appropriate 14.00 second feet of water by means of Goose Lake Reservoir and 1.32 second feet of water by means of the Twin Lakes Reservoir (Twin Lakes being small, lake, tributaries to Goose Creek and Goose Lake situate in Sections 2 and 3,

Township 20 North, Range 2 East, B.M.) to be constructed by applicant, and on October 31, 1919, this application was approved by W. G. Swendsen, Commissioner of Reclamation of Idaho under Permit No. 14353 recorded in Book 51 at page 14353.

B. On October 15, 1919, one Charles A. Campbell of New Meadows, Idaho, made application to the Department of Reclamation of the State of Idaho for permit to construct the Goose Lake Reservoir, with planned live storage capacity of 3500 acre feet and the Twin Lakes Reservoir with planned live storage of 330 acre feet, and on October 31, 1919, this application was approved by W. G. Swendsen, Commissioner of Reclamation of Idaho, under Permit No. R 173, recorded in Book R 1 at page 173.

C. On January 30, 1920, Charles A. Campbell, by an instrument in writing, filed in the Department of Reclamation of Idaho, duly assigned the above Goose Lake and Twin Lakes Reservoir Permit No. R 173 to Goose Lake Reservoir Company, a corporation, which, ever since, has been the owner and holder of the Permit, and actual reservoir as to "Goose Lake Reservoir" and up to 1958 owned such Permit and the actual reservoirs as to "Twin Lakes". In 1958, rights to Twin Lakes Reservoir and storage water, was transferred, as set out in Section 9 hereof and since that date Goose Lake Reservoir Company has not claimed ownership of or interest in the Twin Lakes Reservoir and the flood water therein impounded.

D. On January 30, 1920, Charles A. Campbell, by an Instrument in writing, filed in the Department of Reclamation of Idaho, duly assigned Permit No. 14353 for the appropriation of 14.00 second feet of water from Goose Lake Reservoir and 1.32 second feet of water from Twin Lakes Reservoir, to Goose Lake Reservoir Company, which, ever since has been the owner and holder of the permit and impounded flood water from Goose Lake Reservoir, and up to 1958 owned such Permit and the stored flood water of Twin Lakes Reservoir. In 1958, rights to the storage water in Twin Lakes Reservoir was transferred, as set out in Section 9 hereof and since that date, Goose Lake Reservoir Company has not claimed ownership of or interest in the Twin Lakes Reservoir and the flood water therein impounded.

NOTE: Twin Lakes Reservoir is situate "upstream" from Goose Lake Reservoir. All stored water is measured into the Goose Lake Reservoir, is measured out at the gates of that Reservoir and is conducted down the channel of Goose Creek and through the main canal of Goose Lake Reservoir Company to owners' lands, by use of the same facilities and in the same manner that Goose Lake Reservoir water is measured, conducted and distributed to land owners for irrigation.

E. As will appear from the records of the Department of Reclamation of the State of Idaho, in relation to said Permits R 173 and 14,353, extensions of time to complete construction of the Goose Lake Reservoir and Twin Lakes Reservoir, were granted by the Commissioner of Reclamation and, as will in this Claim and Exhibit appear, such reservoirs, and the distribution canal were fully completed

within the extended time permitted for such construction and the water applied for was actually applied to beneficial use for irrigation, as will herein be set out.

5. Actual construction of Goose Lake Reservoir and Twin Lakes Reservoir was commenced in the late fall of 1919, but conditions of snow and weather prevented completion of construction that year. When conditions of roads and soil permitted, construction of the reservoirs, and main distribution canal, was resumed in 1920 and construction work was thereafter diligently prosecuted so that by October 31, 1924, $13,820.00 had been expended upon construction of storage dams and main distribution canal and the dams and canal, as specified in the before mentioned applications substantially completed and 3500 acre feet of storage water was being stored and delivered for beneficial use for irrigation.

6. During 1923-1924 further work was done in compacting earth fills and other works on and around said Goose Lake Reservoir and on October 27, 1926, Proof of Completion of Works in behalf of Goose Lake Reservoir Company was submitted by affidavit of Charles A. Campbell, was filed in the Department of Reclamation of Idaho, showing that a 18' high dam, 1100' long, impounding 3500 acre feet of water at Goose Lake and a dam 9' high and 400' long, impounding 330 acre feet of water at Twin Lakes, and a distribution canal, 5' wide at bottom, 8' at water line, average grade 13 feet to mile and 8 1/2 miles long, had been completed and a total of 4105 acres of land in Townships 19 and 20, Range 2 East, B.M. were receiving storage water for irrigation from said reservoirs.

7. Between 1925 and 1952 further work was done with respect to Goose Lake Dam, to increase its height and length, impove discharge and control works, to widen, lengthen and strengthen the dam structure so that presently its general specifications are as follows:

4. Overall length - 2,025 feet:

5. Width of base at creek channel - 90 feet, tapering to 20-25 feet at ends of dam:

6. Uniform top width - 18 feet:

7. Height of dam at creek channel - 22 feet:

8. Concrete control well, fed by 42" 10 gauge corregated pipe:

9. Discharge - 1 22 inch corregated pipe and
1 24 inch corregated pipe:

10. Screw type, locking gate:

11. Metal trash racks:

12. 19' by 20' concrete slab in creek channel below discharge pipes:

13. Main spillway, at center of dam, 17' by 9', concrete floor, with provision for flash boards:

14. Emergency spillway, at northerly end of dam, is natural channel, or swale, about 150' wide and boulder lined --- water can spill through this channel before dam spillway has reached capacity discharge:

15. Surface acrea of reservoir, at capacity, is approximately 450 acres:

16. Live storage capacity of Goose Lake Reservoir is approximately 6,218 acre feet:

17: For construction of Goose Lake Reservoir, and for construction of approximately 12 miles of main, distribution canal, Goose Lake Reservoir Company has expended approximately $65,000.00.

and detailed drawings and specifications of the dam, control works, etc. are herewith submitted.

8. As typical of acre feet of storage water measured out of Goose Lake Reservoir and Twin Lakes Reservoir, for delivery to owners of storage water through main diversion canal and to ditches leading from Goose Creek below main diversion canal, the following tables are cited:

and for the consecutive years of 1948-1967 records of the Company show acre feet measured out of reservoirs as follows:

1948	4034 acre feet
1949	4047 acre feet
1950	3691.96 acre feet

*During the years designated thus, *, water from Twin Lakes Reservoir, averaging from 500 to 700 acre feet, is included as part of water measured out of Goose Lake Reservoir. As noted before, this water is not now claimed by Goose Lake Reservoir Company.

NOTE: Records of measured releases of water are not keep to uniform dates each year. In "good" irrigation years, that is, when summer rains were heavy -- or irrigation season is short, due to late spring or early fall weather, the demand for stored water is much less than inother years and as soon as it appears supply is ample, a steady discharge of water may be released from reservoirs and records no longer maintained. Thus in years

showing measured releases of (eg) only 2890.16 acre feet as in 1965 or 3814.12 acre feet in 1964, much more stored water was actually released but complete records were not made. Also, snowfall, early rains, or lack of rain, low or high temperatures, long or short irrigation seasons vary the demand for stored water, and also, actual acre feet impounded.

9. In 1958, application was made to the Agricultural Stabilization and Conservation Service, for a project to enlarge and improve storage facilities of the Twin Lakes Reservoir. By government policy such projects were not available to a single owner, or user, so Goose Lake Reservoir Company transferred its reservoir and water rights in Twin Lakes to R. L. Campbell, Warren Osborn, Hazel Branstetter and the Circle C Ranch, then enlarged to store 700 acre feet of water, allocated as follows:

R. L. Campbell	70 acre feet
Warren Osborn	140 acre feet
Hazel Branstetter	98 acre feet
Circle C Ranch	392 acre feet

and Goose Lake Reservoir Company, no longer asserts ownership of that right. However, such stored water is measured into and out of Goose Lake Reservoir, and into and out of Goose Creek, by means of the dams, gates, measuring devices and diversion works of Goose Lake Reservoir Company.

10. By oversight and inadvertance, Goose Lake Reservoir Company failed to make proof of completion of work and of beneficial application of water, under said Permits No. R 173 and 14,353 within the time required by law and such Permits have been cancelled by the Department of Reclamation and the Company now desires to establish public record of its reservoir and water rights by claim under provisions of Section 42-225A, Idaho Code.

That he is a citizen of the United States of America and of the State of Idaho; that he is over the age of 45 years; that he has lived his entire lifetime in Meadows Valley in Adams County, Idaho; and by occupation, Affiant is a farmer and livestock grower:

That Affiant, and his Mother, Mae Osborn, are land owners in Meadows Valley in Adams County, Idaho, irrigated, in part, by water from Goose Lake Reservoir:

That Affiant summer ranges cattle in the vicinity of Goose Lake Reservoir and during the past 30 years, has had opportunity to observe the Goose Lake Reservoir and dam during each and every year of said period:

That Affiant by reason of residence and knowledge of the irrigated lands in Meadows Valley, is familiar with the lands irrigated by means of flood water stored in Goose Lake Reservoir, and Affiant, and his Mother, are owners of Goose Lake Reservoir water which they have beneficially used in the irrigation of their own lands for more than 42 years:

That Affiant has read the claim of Goose Lake Reservoir Company, and the Exhibits thereto attached, and of his own knowledge believes each and every statement therein contained to be true:

R. L. CAMPBELL, Being first duly sworn according to law, deposes and says:

He is a resident of Meadows Valley in Adams County, Idaho: he is over the age of 74 years: that he has lived in Meadows Valley throughout his lifetime: by occupation, he is President of Circle C Ranch, and in his own right, is owner of lands in Meadows Valley, irrigated, in part, by use of water from Goose Lake Reservoir:

That he is one of the incorporators of Goose Lake Reservoir Company and has been personally familiar with such corporation, its reservoir, dam and ditch since the first construction work was started in 1919:

By reason of his official connection with Goose Lake Reservoir Company and by reason of his connection with Circle C Ranch, and his long residence in Meadows Valley, he is personally familiar with every farm and ranch property in Meadows Valley using Goose Lake Reservoir water for irrigation purposes:

That Circle C Ranch, a corporation, is owner of the largest block of irrigated lands in Meadows Valley and is holder of the largest block of shares in Goose Lake Reservoir Company: that ever since the first storage water became available for use, about 1922, Circle C Ranch has beneficially used such storage water for irrigation of its lands in each and every year:

Affiant has read the Claim of Goose Lake Reservoir Company as to its ownership of Goose Lake Reservoir and to the use of such storage water and Affiant verily believes each statement and claim set forth in said claim, and in its supporting documents, is true and that the water stored in its reservoir has been beneficially used for irrigation, upon the lands therein described in each and every year since its reservoir and canal were completed.

HAZEL BRANSTETTER and L. E. CAMPBELL, Being first duly sworn according to law, depose and say:

They are, respectively, the President and Secretary of Goose Lake Reservoir Co., a corporation:

Affiants, by reason of their official connection with Goose Lake Reservoir Company, are each familiar with its business and affairs and each of them is personally familiar with the ownership of shares in said Company and the places and amounts of use of its storage water for irrigation of farm and pasture lands in Meadows Valley, in Adams County, Idaho:

That for more than 40 years last past, the Affiant, L.E. Campbell has had personal charge of the operation of Goose Lake Reservoir, including both the storing of water therein, and the releasing of and measuring of water therefrom for irrigation purposes:

That the father-in-law of the Affiant, Hazel Branstetter, namely, William Branstetter, was one of the incorporators of Goose Lake Reservoir Company and one of the men who constructed the original dam and main canal: that Affiant is owner of a large stock ranch in Meadows Valley, irrigated, in part, by means of Goose Lake Reservoir water and in her own right, she is owner of a substantial number of shares of the Reservoir Company: that she has been personally familiar with the Goose Lake Reservoir and its canal system, and the lands thereby irrigated, for upwards of 45 years:

That the Affiant, L. E. Campbell, for upwards of 45 years last past, has been personally familiar with each and every farm and ranch property in Meadows Valley irrigated by use of Goose Lake Reservoir Company storage water and has been in charge of the distribution of such water for irrigation of lands owned by stockholders of the Reservoir Company, and for irrigation, from time to time, of lands other than lands owned by stockholders:

That Affiants have each read the Claim of Goose Lake Reservoir Company and its supporting documents and exhibits, and from their own personal knowledge, verily believe each and every statement and claim therein contained is true.

Re: Claim of Goose Lake Reservoir Company

MARSHALL L. DRYDEN, Being first duly sworn according to law, deposes and says:

That he is a citizen of the United States of America and of the State of Idaho; that he is over the age of 50 years; that he has lived his entire lifetime in Meadows Valley in Adams County, Idaho; and by occupation, Affiant is a farmer and livestock grower:

That Affiant, and his Mother, Minnie Dryden, are land owners in Meadows Valley in Adams County, Idaho, irrigated, in part, by water from Goose Lake Reservoir:

That Affiant has, during the past 40 years, had opportunity to frequently observe the Goose Lake Reservoir and dam and is familiar with its size, type of construction and general manner of use:

That Affiant, and his Mother, Minnie Dryden are owners of Goose Lake Reservoir water which they annually use in irrigation of their farm and pasture lands in Meadows Valley, in Adams County, Idaho:

By reason of his residence and occupation, Affiant has personal knowledge of the main canal by which storage water from Goose Lake Reservoir is conducted to farm and pasture lands in Meadows Valley and knows of his own knowledge every farm or ranch in Meadows Valley which is irrigated, in whole, or in part, by means of Goose Lake Reservoir water:

Affiant has read the claim of Goose Lake Reservoir Company, and the supporting documents and exhibits thereto attached, and affiant verily believes each and every statement and claim therein contained to be true:

Of his own, personal knowledge, Affiant knows that for not less than 40 years, last past, Goose Lake Reservoir has annually impounded flood water of Goose Creek to the full capacity of such reservoir and annually, during the irrigation season of each and every year of such period of time, such stored water has been beneficially used for irrigation of lands in Meadows Valley and, as Affiant verily believes, to the extent, and in the amounts, and at the places, as set forth in said Claim.

Marshall L. Dryden

Dear Loyal:

I am enclosing three (3) sets of a "CERTIFICATE" as to the Twin Lakes Reservoir.

For the purpose of making a record of the background or history of the reservoirs, I have set out in some detail the filings made by your father, both as to water and the reservoir, the transfer of the permits to Goose Lake Reservoir Company, the building of the reservoir by Goose Lake Reservoir Company, the beneficial use of stored water by shareholders of Goose Lake Reservoir Company, the condemnation of the reservoir, the transfer by Goose Lake Reservoir Company of all Twin Lakes rights to the present owners, the A.S.C.S. project by which the dams, etc., were enlarged or rebuilt, so as to store 700 acre feet of water, the contributions made by the present owners for costs of the project and, finally, a statement of the interests owned by each of the five present owners. It is intended that all three copies be used as originals, one to be recorded and two to be kept by owners (perhaps one copy to the new owners of Circle C Ranch and one copy to you or Hazel Branstetter).

All copies should be signed by the four individual owners and all copies by the president and secretary of Circle C Ranch (Rollie and Carol) and all signatures acknowledged by a Notary Public (likely Mary Adair could do that). When all copies are signed and acknowledged, send the original copy to me for recording.

I think the Certificate tells the whole story, both completely and accurately and will evidence rights both by filings and actual appropriations, which will clearly support present rights to the reservoir and right to store flood water therein for use by the present owners.

Best regards,

CARL H. SWANSTROM

CERTIFICATE AS TO OWNERSHIP OF INTERESTS IN
TWIN LAKES STORAGE RESERVOIR, INC.
ADAMS COUNTY, IDAHO

The persons signatory hereto, namely HAZEL BRANSTETTER, WARREN OSBORN, LOYAL E. CAMPBELL, R. L. CAMPBELL and CIRCLE C RANCH, an Idaho Corporation, do hereby CERTIFY and DECLARE as follows:

As will appear from official public records of the Department of Reclamation of Idaho, on October 15, 1919, one Charles A. Campbell of New Meadows, Idaho made application to the Department of Reclamation of Idaho for Permit to appropriate 1.32 second feet of Goose Creek flood waters, by means of storage reservoirs to be constructed at Twin Lakes, which are tributary to Goose Lake and Goose Creek, in Adams County, Idaho, and on that same day he also made application to said Department for Permit to construct Twin Lakes Reservoir for planned live storage of 330 acre feet of Goose Creek flood waters, and on October 31, 1919 each of said applications was approved and said Department issued to Charles A. Campbell, its Permit No. 14353 (Book 51, page 14,353) for the appropriation of 1.32 second feet of Goose Creek flood water, and its Permit No. R173 (Book 1, page 173) for the construction of said Twin Lakes Reservoir and the right to impound and store therein 330 acre feet of water, to be beneficially used for irrigation of lands in Meadows Valley, in Adams County, Idaho.

78-2022
Cancelled

On January 30, 1920, the said Charles A. Campbell, by instruments in writing, duly assigned said water appropriation Permit No. 14353 and said Reservoir Permit No. R173 to Goose Lake Reservoir Company, an Idaho corporation, which corporation, continued to be owner and holder of said Permits until 1958, when appropriation of said Goose Creek water and for storage thereof in Twin Lakes Reservoir was transferred and assigned to the persons signatory to this Certificate.

In and during the year of 1920, Goose Lake Reservoir Company caused to be constructed at Twin Lakes dams, control and outlet works by which there was annually impounded and stored 330, or more, acre feet of flood waters of Goose Creek, which stored water was annually released and beneficially used for irrigation of shareholder's lands in Meadows Valley, in Adams County, Idaho and such storage and beneficial use was continued each and every year down to 1957 and thereby the right to appro-

priate and store such water was acquired by Goose Lake Reservoir Company under priority date of October 15, 1919.

About the year 1957, Twin Lakes Reservoir was condemned by the Department of Reclamation of Idaho, and/or by the Payette National Forest, upon the ground that said dams, control and diversion works were no longer safe or adequate.

In 1958, Goose Lake Reservoir Company transferred and set over unto the persons signatory to this Certificate the said water appropriation permit and said reservoir permit, before described or referred to, together with all its right, title and interest therein or thereto, and all of its right, in and to the water appropriated and stored pursuant to said permits and the parties signatory hereto are now owners and holders of the same.

That in the years 1957-1958, the undersigned parties signatory hereto, voluntarily associated themselves together as a group for the purpose of co-operating with the Agricultural Stabilization and Conservation Service in a project for the reconstruction of or repairs to the Twin Lakes Reservoir, and the control and works appurtenant thereto, and such project was approved and in and during the year 1958, the undersigned, in cooperation with the said Agricultural Stabilization and Conservation Service did repair and enlarge the storage dams and replaced all control and outlet works in manner approved by the Department of Reclamation of Idaho and the Payette National Forest and so that said reservoirs could safely impound and annually store seven hundred (700) acre feet, but either more or less, of flood water, and in each and every year, commencing with 1959 and continuing to date hereof said reservoir has been used by the undersigned to impound and store flood water, beneficially used by the undersigned in the irrigation of lands in Meadows Valley, owned by the undersigned, and thereby, and by such actual appropriation, storage and beneficial use, the parties signatory hereto, acquired and now own the right to divert, store and beneficially use for irrigation of their respective lands, additional flood waters of Goose Creek and its tributaries in the annual amount of 370 acre feet, under priority of 1958, or in all 700 acre feet, but either more or less, as actually stored in Twin Lakes Reservoir.

That for the purpose of repairing and enlarging the Twin Lakes Dams, installing new control and outlet works, and for clearing the reservoir site of timber, brush and debris, the undersigned parties signatory hereto, respectively contributed to

the cost of such work by way of cash, or work, labor and services as follows:

Hazel Branstetter	$1,400.00
Warren Osborn	1,400.00
Loyal E. Campbell	1,400.00
R. L. Campbell	700.00
Circle C Ranch	2,100.00
Total contributions	$7,000.00

and thereby they acquired and became the owners of, and they now are owners, respectively, of interests in and to said Twin Lakes Reservoirs and of the right and permit to impound and store flood waters therein for beneficial use upon their respective lands, which respective interests evidence ownership by the undersigned of respective amounts of acre feet of storage water, but either more or less, and in proportion to the total, live storage capacity of said reservoirs as follows:

Owner	Interest	Proportionate number of acre feet:
HAZEL BRANSTETTER	One-fifth (1/5)	140
WARREN OSBORN	One-fifth (1/5)	140
LOYAL E. CAMPBELL	One-fifth (1/5)	140
R. L. CAMPBELL	One-tenth (1/10)	70
CIRCLE C RANCH	Three-tenths(3/10)	210
		700

This CERTIFICATE is executed by the undersigned for the purpose of evidencing and establishing of public record, the ownership of Twin Lakes Reservoir and of the respective rights of the undersigned therein and thereto and of their respective rights to beneficially use the flood waters annually impounded and stored therein.

IN WITNESS WHEREOF, We have hereunto set our hands, and caused these presents to be executed this 30th day of June,

Re: Notice of Claim to a Water Right No. 78-2037, 78-4288 & 78-10235

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects the necessary name changes for the land and appurtenant water rights, covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree.

At this time, we are unable to change the ownership on claim numbers 78-4006A and 78-04006B. The Warranty Deed submitted indicates a property transfer from Donald Leroy and Sotera Branstetter into your names. However, these particular claims, are in the name of Goose Lake Reservoir Co. We are also not able to change claim number 78-4275 at this time, due to the same reason. This claim is still in the name of Granite Twin Lakes Water Users.

If you have additional information for this property transfer, such as a chain of title, or tax notice in your name(s) which includes a description of the property by ¼¼ Section, Township and Range covered on these claims, we may be able to complete these ownership changes.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

MEMEORANDUM

Date: March 13, 2002

From: Craig L. Saxton

Subject: Request for C/O for 78-02037, 78-04006A, 78-04006B, 78-04072C, 78-04288, 78-04275, and 78-10235

Action taken regarding C/O for the above referenced rights:

78-02037, 78-04288, 78-10235

Instead of splitting right – Just add C.H. Properties LLC to the current owner list. Leave Donald or Sotera Branstetter as claimants.

78-04006A and 78-04006B:

Cannot change ownership on right – No chain of title. However, notes made to show that portion of this right delivered previously to Donald or Sotera Branstetter is now owned by C.H. Properties LLC.

*Letter needs to be sent to C.H. Properties LLC indicating that the change of ownership is recorded in the file.

78-04072C:

Split right giving C.H. Properties LLC: 54 acres, 0.46 cfs, 0.02 for stock totaling 0.46 cfs. Donald or Sotera Branstetter: 5 acres, 0.04 cfs, 0.02 cfs for stock totaling 0.04 cfs.

* Needs split.

78-04275:

Supplied deed indicates that C.H. Properties LLC retained 4.5 inches from Donald or Sotera Branstetter's original 1.6%. I don't know what the original 1.6% amounted to in inches.

Memo goes in file to indicate partial ownership of the right, but cannot change the name on the SRBA claim since there is no chain of title from Granite Twin Lake Water Users to C.H. Properties LLC.

Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

2. The following **REQUIRED** information must be submitted with this form:

   A. The appropriate **FILING FEE**. See instructions for fee amounts.

   B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.

   C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions):
   PLAT OF PROPERTY or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).
   OR
   If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The AERIAL PHOTO should be submitted in place of the PLAT OF PROPERTY or SURVEY MAP.

6. **If the change in ownership affects the entire water right for each water right or adjudication claim number listed in item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7.** If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.
