E. REASONS SUPPORTING OBJECTION(S):

The recommendation describes PODs & POU's on private, State, and federal lands with a priority date of 03-01-1900 and a season of use from 04/01 to 11/30. The Claimant is not authorized to graze federal land. Use of stockwater on federal land within the Deer Creek Allotment is limited from 08/16 to 08/31. There does not appear to be a basis for an 1900 priority on either private, State, or federal land as the private land POU's were not patented until 1926 & 1945. Even if the Claimant were authorized, the recommendation does not describe the land to which the use on federal land is appurtenant as required by I.C. 42-1402.

- 12/30/05 talked to Allen Bauscher on the telephone. Mr. Bauscher said that he still owns the land. Mr. Bauscher thought they had claimed the springs as well as the instream use. He said he would come down to file a new claim for the springs. Allen Bauscher told me that his son Randy Bauscher (208-431-0292) is the president of the company. I left a message with Randy Bauscher.
- 12/30/05 talked with Randy Bauscher on the telephone. He said Bauscher Ranch owns all of section 12 and the N1/2 of the NE and NW quarters of section 13. They would like to claim the stockwater use on Bauscher Ranch land as well as the BLM and State land originally claimed.
- 1/12/06 meeting with Allen & Randy Bauscher and Steve Clelland. Randy Bauscher showed us the POU for this claim and it has been updated accordingly. They may try to GPS the springs or locate them on a map. He asked that we send him a larger map of the POU.
