Re: Snake River Adjudication

To Whom It May Concern:

This is to certify that I, Gordon Schmidt, have personal knowledge of the use of Water Right No. 37-13369. This is a water right on Ryan Springs Creek. I can absolutely substantiate that this right was used for both irrigation purposes as well as stock water. I observed this use as a boy, as my father (since 1929) farmed the land, and can recollect at least back to 1945. I personally farmed the land and utilized these water rights subsequent to these dates.

Feel free to contact me for any further information.

Sincerely,

Gordon Schmidt

This is to certify that I, Gordon Schmidt, have personal knowledge of the use of Water Right No. 37-4297. This water right is for Kelley Reservoir. I have personal knowledge that this water was used for both irrigation and stock water purposes. Enclosed is a Certificate of Approval for storage of water behind Kelly Dam. The Department has issued this certificate in accordance with Title 42, Chapter 17 of the Idaho Code. This certificate is issued for a two-year period, at which time the dam will be re-examined and another certificate issued, if it is in satisfactory condition.

A recent inspection reveals that some improvements of the dam have been made; however, several problems still exist that require your attention. Rodents and other burrowing animals must be eliminated from the fill by poisoning or trapping them. Controlling vegetative cover often helps in rodent control. Water must not be allowed to pond along the toe of the dam; therefore, some type of drain is needed or pervious fill must be placed to keep this area free of standing water. Such ponding saturates the toe and makes seepage problems hard to detect. Also, a suitable spillway capable of providing at least 3.5 feet of freeboard must be constructed and maintained.

All work must be completed prior to the expiration of the enclosed certificate of continued use of the dam is desired.

If you have any questions, please contact me.

Sincerely,

BOB HAYNES
Southern District Supervisor

RESPONSE DEADLINE
JUNE 17, 2005

Re: Evidence of Priority

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, in the coming year, conduct reviews and/or field exams for the claims in your area. Since the priority date of a beneficial use water right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the Department. If you have received this correspondence from the previous owner of the property it is required that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Enclosed you will find a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: The Department will not recommend the court decree the notice **as claimed** if no evidence of a priority date is submitted – it may be disallowed. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement does **not** need to be in the form of a notarized affidavit as described in the brochure, but must relate first hand knowledge of the water right in question and include dates, quantities of water and extent of water use.

Submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding Notice of Claim number (i.e. 37-____). If you have questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
