RESPONSE DEADLINE
JUNE 17, 2005

Re: Evidence of Priority

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, in the coming year, conduct reviews and/or field exams for the claims in your area. Since the priority date of a beneficial use water right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the Department. If you have received this correspondence from the previous owner of the property it is required that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Enclosed you will find a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: The Department will not recommend the court decree the notice **as claimed** if no evidence of a priority date is submitted – it may be disallowed. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement does **not** need to be in the form of a notarized affidavit as described in the brochure, but must relate first hand knowledge of the water right in question and include dates, quantities of water and extent of water use.

Submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding Notice of Claim number (i.e. 37-_____). If you have questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor

Dear Claimant in the Snake River Basin Adjudication (SRBA):

You or the predecessor in interest of your property filed a "Notice of Claim to a Water Right in the Snake River Basin Adjudication" with the Idaho Department of Water Resources. Claim filing began in 1988, and since that time IDWR has worked to complete recommendations throughout the state. Now the investigation of "Irrigation and Other State Based Claims" is about to begin in the area where your claim(s) were filed, IDWR's administrative Basin 37. As shown in the enclosed map, this basin includes parts of Blaine, Camas, Elmore, Gooding and Lincoln counties and is subdivided into 3 parts.

If your claims are located in Basin 37 Part 2 or Part 3*, you are invited to attend a public meeting at one of the locations below on **Wednesday, September 22, 2004:**

10:00 am
Liberty Theater
116 N. Main St.
Hailey, Idaho

or

2:30 pm
Camas County Senior Citizens Center
7129 W Willow
Fairfield, ID

* Similar informational meetings were held in Basin 37 Part 1 over the last couple of years.

The purposes of this general informational meeting are to provide an update on how the adjudication process works; introduce IDWR staff that will be working in your area; and to give you the opportunity to express concerns or discuss problems relating to water delivery in your area. This will help us understand, from an historical perspective, the use and delivery of your water right.

IDWR adjudication staff will be investigating your claims beginning this year with additional field work next season. We request your cooperation in this process - the better we understand your water rights, the more accurate our recommendation will be to the SRBA Court.

Please contact our toll-free number, 1-800-451-4129, if you have any questions.

Sincerely,

Douglas Jones, P.E.
Supervisor

RE: STATUS OF WATER RIGHTS AND ADJUDICATION CLAIMS.

Dear Mr. Eittreim

The following is a summary of the status of water rights pertinent to your property.

The \$25.00 refund on 11/08/91 was from your adjudication filing for claim A37-04250 which listed two different sources and uses. As we discussed during our telephone conversation on 11/27/91, the domestic use from groundwater does not require a water right for you to have the legal right to develop and use that source. The irrigation portion of that claim which was based upon the statutory claim 37-04250 lists a spring as the source. As you stated that your diversion point is from the Broadford Slough rather than the spring itself, a claim based upon 37-04250 does not correctly describe your system. Currently you have no adjudication claims based upon the above described system on record with the Department of Water Resources.

The Application For Transfer of Water Right (3703) which is based upon your purchase of one miners inch of decreed right 37-00577BN has been advertised and is currently located at the state office, pending approval. The splitting of adjudication claim A37-0577BN to recognize your ownership of a portion of that right is also pending the approval of the transfer (3703). Your right to pump from Broadford Slough is also dependent upon the approval of the transfer.

This letter is to document and clarify your water right filings as of this date. If you have further questions please contact the Department for assistance.

Sincerely

Kelly K. Christensen
Sr. Water Resource Agent
