RE: Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Notice of Claim(s) to a Water Right

Dear Mr. Hult:

Regarding our phone call yesterday, enclosed are four amended claims:

96-2183 – Grouse Creek – Please add your address and email address.
96-10151 – 1940 well
96-10152 – 2007 well
96-10153 – 2017 well

Also enclosed is:

1. A map – This shows the found acreage measured at approximately 4 acres (from Grouse creek) and can also be used to pinpoint the current diversion point. If the acreage is incorrect, just redraw the acreage and return with the amended claims. Write down the number of acres included.
2. Well Construction Sheet – a listing of wells drilled in your area which will assist in providing evidence relating to the priority date for each well.
3. Application for Transfer w/Instructions – Only necessary if you're moving the Grouse creek diversion from the SW1/4SE1/4 to the SE1/4SW1/4 of Section 35.

If you need to make any changes to the claims, i.e., priority dates-just cross out the old and write in the new information. Be sure to initial and date each change that you make and resign the claims on the back.

These may be returned to our Coeur d'Alene office at the address listed above. Please feel free to contact me if you have any questions. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.
