Good afternoon,

I am emailing you in regards to our phone conversation this afternoon. Attached to this email is a partially completed Notice of Claim to a Water Right form and instructions for the license 97-7011. Everything on the claim is based on our phone conversation and the license. The only changes made were to update the legal descriptions for the point of diversion and place of use to more accurately represent the property location. Below are further instructions required from you:

- #1, Contact Information: Complete the contact information.
- #15, Signatures: Sign and date the document.
- Fee: The one-time filing fee for the claim is either \$25.00 or \$52.00 and can be made out to the Idaho Department of Water Resources. The difference between the two different filing fees is whether or not we add a condition to the final water right. If you pay \$25.00, we will add a condition that says the quantity of water under this right shall not exceed 13,00 gallons per day. If you pay \$52.00, this condition will not be added to the final water right.

Review the claim form for accuracy. If there are any additional changes you would like to make, delete the incorrect information, and replace it with the correct information. Once completed, the form and filing fee should be mailed back to 7600 N. Mineral Dr. Suite 100, Coeur d'Alene, ID 83815. If you have any questions, feel free to contact me at (208) 762-2810 or by responding to this email.

Sincerely,

Christopher Holmes
