RE: SRBA CLAIMS 37-20323 & 37-20324 – Shroeder
PERMIT 37-08907 - Konrad

Dear Mr. Konrad,

You asked if there was some way for the Department to notify you when we have made our recommendations for these two claims filed by the Shroeders. Aside from the docket sheet issued by the SRBA Court, which I understand you already subscribe to, there really is no way for us to notify you. We don't anticipate mailing our preliminary recommendations or the Director's Report for several years in that area. We generally schedule public meetings in an area when we begin claims investigation and again soon after our preliminary recommendations have been mailed. These are usually well advertised, along with letters being mailed to the individual claimants. My best advice would be to keep up with the docket sheet and watch the papers for news on the Department's activities in the area in the future. (37-20324 claims a 1910 priority date for instream use of 0.02 cfs. Be aware that for a de minimus amount such as that, we wouldn't ask for proof for that priority date.)

I noticed in your permit file 37-08907, that the proof of beneficial use is due by Nov. 1, 2001. Once this proof has been submitted, a field exam can be scheduled and eventually the license can be issued.

Please call if you have any questions.

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
