Question → How do we know irrigation
of subdivided was surface
water?

Dear Ms. Heiss.

I did a more thorough search and I could not find any claims filed against water right 37-100.

Below are aerial photos of you property in relation to the decreed place of use for water right 37-100. To prove use of this right, you must show irrigation prior to 1987. I included the 1992 and 2004 photos to help you locate present landmarks on the older photos.
