1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

The reason that we have not received over water is that your Department would not give us any answers to our questions. We would be spending 15,000 dollars to pump over water

2. Describe the changes you wish to make in the proposed recommendation:

back to our property. We want to all the Departments to make sure we could have over water rights. If we spent this kind of investments we feel that

3. Give a brief explanation as to why you disagree with these portions:

it is not right that our water rights can be take away, when your office had no answers for us.

Me I don't I AGREE with this proposed recommendation: no changes need to be made.
