RE: SNAKE RIVER BASIN ADJUDICATION CLAIMS 37-21280, 37-21282, 37-21283, AND
37-21284

Dear Chuck

Enclosed are the claims as data entered. Please review the claim forms to confirm that the data entries are correct.

While reviewing the claims as I entered them I found that I have a few questions. Item 5 in claim 37-21282 states "Previously developed with collector". If this is a developed system then the priority date is likely incorrect, as I doubt that the collector was in place in 1880. Likewise with claim 37-21284, item 5 states "Collector pipe". This one also appears to have a problem with the priority date. When entering the claimed point of diversion into our SDE layer I noted that claim 37-13288 (claimed by Fields Land Co.) appears to also claim the same spring. I did not research that claim to determine if the claim was for a development or just an instream use.

If the Reys are associated with Fields Land Co, then possibly the name and/or address may need to be updated.

Sincerely

Kelly K Christensen
