Steve -

It looks like the SESW & NESW are getting messier by the day.

Also - I can't believe I forgot to ask him how he's (or if he's) irrigating the NE triangle of the SWSW. It was holding in the back of my mind while we were doing all the figuring & then I let him get away without addressing an enlargement or whatever. I did remember to ask if he had another source of water for IRK (WO)

Also - I figured out why the Cenarrusa claims, 639 & 640A, were not on your list. Wrong POD Range. Should be 1N 21E not 1N 20E. I almost made the same mistake with these as he told me he used the same canal.

Anyway the claims are filed but as usual there's a lot of clean up of details.

Good luck figuring out what to do with the balance of these rights
