RE: Standard Form 5 for water right 37-21428

Dear Diana:

Enclosed for filing is a Standard Form 5 (SF5) for water right 37-21428, as well as a copy to be conformed and returned to IDWR in the envelope provided. Because the recommendation included in the SF5 may be difficult to read due to several electronic scannings, IDWR is also enclosing a clean copy of the updated recommendation for the court's convenience.

This water right, claimed by Robert and Carol Stevens, is set for initial hearing on September 19, 2008 at 9:00 am. With the filing of the SF5, IDWR is hoping the court will vacate that hearing. Should you have any further questions, please feel free to contact me at 208-287-4816. Thank you!

Sincerely,

A handwritten signature in cursive script, appearing to read "Vicki Kelly".

STANDARD FORM 5

**STIPULATED ELEMENTS OF A
WATER RIGHT**

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

Re: Well Construction fee

Mr. and Mrs. Stevens:

In August of 2004 a drilling permit was issued for a single family residence domestic well. Following the drilling of the well the Department approved transfer application 71808 in 2005 for irrigation water right 37-21428. This water right uses groundwater for irrigation in Section 23, Township 5 North, Range 17 East, B.M., in Blaine County. As specified in section 42-235, Idaho Code, if a well is to be used for other than domestic or monitoring purposes, the charge for the permit shall be two hundred dollars (\$200). The requirement is further explained in the well construction rules:

IDAPA 37.03.09 - Rule 45.04.e. The difference between the drilling permit fee required by Rules Subsections 045.04.b. through 045.04.d., as applicable, shall be paid when an existing well constructed on or after July 1, 1987 for which the lower drilling permit fee was paid, is authorized by the Department for a use which would require the larger drilling permit fee. This rule applies even though the existing well is not deepened or the dimensions of the well are not increased.

Because the well was originally permitted only as a domestic well the drilling permit fee was \$75.00. The transfer increases the use of the well to irrigation, which would increase the permit fee to \$200.00. At this time the Department requests that the difference (\$125.00) be paid to appropriately match the use. The total expected payment is \$125.00.

If you have any questions, please call me at 736-3033.

Sincerely,

Nathan Erickson
Sr. Water Resource Agent, IDWR

WATER RIGHT LICENSE

License of Water Right No. 37-7821 Priority March 14, 1980 Amount 0.22 cfs

THIS IS TO CERTIFY, that Robert G. Stevens
of Ketchum, Idaho, has complied with the terms and conditions of Permit
No. 37-7821 issued pursuant to Application for Permit dated March 14, 1980,
and has submitted proof to the Department of Water Resources on March 16, 1982,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.22 cfs of water from a groundwater source,
