List just the adjudication claim number if there is no corresponding water right record on file with the department. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). RE: OWNER CHANGE
SRBA Claim Nos. A37-00577 and A37-00704

Dear Mr. Anderton and Ms. Cook:

Thank you for submitting the Notice of Change in Water Right Ownership request form with its supporting documentation. After lengthy research, I was unable to locate an adjudication claim appurtenant the property you purchased from the Shoolroy's; therefore, I am returning the Notice of Change in Water Right Ownership request form you submitted along with your check number 1740 in the amount of \$50.00.

As you can see on the enclosed printout of water rights with your legal description, the Baseline Pump Association holds a water right that covers the quarter section where your property is located and there is a possibility you have irrigation water available through them.

There is also the possibility you are entitled to a portion of the above rights. In order to determine if this is indeed the case please contact one of the adjudication agents in this office who will be happy to assist you.

Sincerely,

Trish Fawcett
