_____ or None (✓)

13. Remarks (Include an explanation of the priority date selected):

I was told the original log home was built around 1965. The "spring well" was constructed at the time of the original home construction, on or about 1965. It has been in continuous use by the original owners, subsequent owners, and me. The springs are clearly located on my property North of the lower driveway to the property and East of W. Settlement Road. The springs generate from my property and as far as I am aware are not associated with any other property as a water source prior to surfacing on my property.
