WATER RIGHT NO. 37-8890
As Modified by Transfer No. 74961

CONDITIONS OF APPROVAL

1. Surface and ground water will be conjunctively managed in the future. It is likely that use of this right will require mitigation for its impact on senior rights. If acceptable mitigation is not provided when this right is conjunctively managed this right will be curtailed. The right holder assumes all risk in development and use of this right authorized by approval of Transfer No. 74961.
2. This right is limited to the irrigation of 155.5 acres within the place of use described above in a single irrigation season.
3. Rights 37-8890 and 37-22371 when combined shall not exceed a total diversion rate of 1.78 cfs, a total annual maximum diversion volume of 544.3 af at the field headgate, and the irrigation of 155.5 acres.
4. Rights 37-8890, 37-22367, and 37-22371 when combined shall not exceed a total diversion rate of 3.53 cfs, a total annual maximum diversion volume of 1010.8 af at the field headgate, and the irrigation of 311 acres.
5. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
6. The approval of this transfer redefines all of the elements of this water right, and the new use of water authorized by this approval shall constitute the full extent of the right.
7. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
8. After specific notification by the department, the right holder shall install a suitable measuring device or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.
9. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.
10. Rights 37-22367 and 37-22371 are also diverted through the point of diversion described above.
11. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
12. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
