RE: Rejection of claim for multiple sources

Dear Claimant(s),

The Department of Water Resources has received your Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Claim. We are unable to process your Adjudication Claim as claimed at this time for the following reason(s).

The Notice of Claim you submitted has 3 water sources listed. Ground water from a well and water from Cottonwood Creek. You also noted Statutory claim # 97-4063 for water from a spring. You can only claim one water source per claim form.

I am enclosing a new claim form for you to fill out for the use from Cottonwood Creek, and I will keep your original claim and enter it in our system for the well. If the system from Cottonwood Creek was put into place after May 20, 1971, you will have to file an Application for Permit instead. I have enclosed that form as well.

As far as the Statutory claim for water use from a spring, it looks as though that source is not appurtenant to your property. If you feel this is incorrect, you may still file a claim and include any pertinent information you may have to support your claim.

Since you paid for the claim that I am entering for the well, you will need to send in \$25 with the Cottonwood Creek water claim. If you need to file an Application for Permit for Cottonwood Creek, the fee is \$100.

If you have any questions or concerns, do not hesitate to contact our office and we will be happy to help. We can be reached by phone during business hours at 208-762-2800.

Sincerely,

Dawn R Lenon
Technical Records Specialist 1
Northern Region

Enclosures: Receipt, Blank claim form and an Application for Permit.
