SUBJECT: ERRORS IN CLAIMS A37-02557P, A37-11924, A37-11925, A37-11926, A37-11927, A37-11928
phone call (X) walk-in (.)

She noted several data entry errors related to the above claims. In the remarks for A37-11924(B) it references 02557L as the base right. That is a surface water right.

A37-02557P does not show an AFA value. The original right did.

All surface water rights show an AFA value of 115.9. She had calculated that volumn to be 117.17 based upon the split acreage. In remarks for A37-11926B, remarks lists the diversion rate as 4.545, she thought that it should read 2.545.

In A37-11928 remarks list one right as 19928 rather than 11928.

She also noted that on each of the rights the ownership flag is set at 'No'. I asked that she send a letter to this office noting the error and that the department would then update the claims for that problem.

She received a copy of the A suffix rights rather than the B suffix rights. After the corrections (excluding the ownership issue) she would like a copy of each right faxed to her, preferably a profile report.
