Stephanie,

See comments in the body of your e-mail.

Note that for 97-9037, the claim is incomplete as filed. I need to sign and return a version of the claim that lists a place of use under item 9 and return it to me. The one that is attached includes your entire property per your last email.

Sorry for the delay in getting back to you.

97-9037: Map - The well mark is pretty close, just a little to the right and a little north if it needs to be more precise. Otherwise it is fine. I'm not sure why the whole property is not marked? We have 10 acres that extends to Hwy 2.

I didn't include the whole property when I outlined the place of use because the place of use should be where the water is used. I had made an assumption that the use was only around the house. This is your claim, so you should claim what you feel is appropriate. I have added the entire POU to the attached claim and Map.

Please look over the claim and make any changes to the claim or the claim map you feel are necessary. When ready, sign the claim and return it to me. You can either scan the signed copy and mail it to me, or you can send it by regular mail to:

97-9043: I really didn't know what I was doing for this one. Since I waited till the last day, I didn't come in for assistance. We have a pond in the marked location for our ducks and geese. We use it for irrigation for the surrounding areas (vegetable garden/lawn) also. Nothing installed, just running hoses at this point.

Ok. I think I can help point you in the right direction, but I have lots of questions:

- The claim lists the source as ground water. Is this filled from the well or is the pond dug down into the water table and the water seeps in from the subsurface?
- You mentioned you irrigate. Do you irrigate over ½ acre from the pond?
- I don't really see a pond in aerial photography. Is it a pretty shallow pond, or only has water part of the year?

- What are the dimensions of the pond?

Thank you for your assistance.

Stephanie Davis

Subject: Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Claim 97-9037 and 97-9043

Dear Jared and Stephanie,

You filed two CFPRBA claims using IDWR's online filing system and I had a couple of questions/issues I wanted to follow up with you on:

97-9037:

As IDWR was importing the claims, I ran into an issue importing 97-9037. Claim 97-9037 claims use of GROUND WATER for DOMESTIC purposes dating back to 1979. However, the online claim record your claim It appears that 97-9037 was somehow completed without a place of use. I took the liberty of completing the place of use description, highlighted in yellow under item 9 on the attached notice of claim. I also included a map that shows the location of the claimed place of use.

Please look over the claim and make any changes to the claim or the claim map you feel are necessary. When ready, sign the claim and return it to me. You can either scan the signed copy and mail it to me, or you can send it by regular mail to:

IDWR
PO BOX 83720
BOISE ID 83720-0098

97-9043:

Claim 97-9043 claims IRRIGATION of 2 acres from a well with a priority date of 2022. However, the map shows a tiny place of use like a small pond. It is unclear what acres, if any, are irrigated. Was your intent to claim two acres of irrigation from the well? I recommend you drop me a line and we can talk this one through.

Respectfully,
